CHANGE IS YOUR RESPONSIBILITY

Jesus said unto him, If thou canst believe, all things are possible to him that believeth. (Mark 9:23).

The remarkable account in Mark chapter 9 tells the story of a father who was desperate for his son's healing. His little boy had been afflicted by a deaf and dumb spirit. Several times, he would suffer convulsions, and the evil spirit would cast him into fire and water to destroy him.

This was a complicated case because not only did the child suffer convulsions, his condition was also caused by a deaf and dumb spirit.

The Bible also tells us he had suffered from the condition since he was a child. Imagine the emotional turmoil the boy's father and his family must have gone through until they heard about Jesus. The man went to Jesus' disciples but they couldn't cast the devil out. Then, he met Jesus and cried out to Him, "...if thou canst do anything, have compassion on us, and help us" (Mark 9:22).

Now, it's very important that you notice Jesus' response. He said, "*If thou canst believe, all things are possible to him that believeth*" (Mark 9:22). The Master turned the whole thing around and said, "*The power of God can do anything, so it's not a question of what I can do; it's what you can believe.*"

The man probably saw Jesus as a good miracle worker, and that's why he spoke the way he did. That's the way some people think today, and it's wrong. Understand that it's not what the minister can do. The question is, how much can you believe?

Maybe there's a condition in your body right now and you're saying, "*Oh! I wish somebody will pray for me.*" No. Jesus said that if you believe, all things are possible to you. You can change that situation. It's a question of how much you can believe and what your

faith can receive. Understand that if your situation is going to change, it's going to be by your faith. It's not another person's faith that will change your situation. Jesus didn't say, "*If thou can believe, all things are possible to God.*"

He said all things are possible to YOU when you believe. No matter what you're going through today, you can change it if you can believe. "*For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith*" (1 John 5:4).

The lack of understanding of this truth is the reason some people pray like this when they face difficulties in their lives: "*I know my God is going to do it; I know He will not fail me.*" Even though that sounds wonderful, it's wrong and it will not work. It's not God's responsibility to effect the change you desire; it's your responsibility.

I would to God that all of God's children would understand that Christianity is not a life that we live with the expectation that God will help us out. God has already done everything necessary for you to live a healthy, prosperous, joyful, and fulfilled life. What you need is the application of your faith.

If there's something in your body that you don't like, don't stay with it; change it! And you do this by voicing and acting your faith. Get to God's Word that tells you of your divine health and healing in Christ Jesus, and then voice it and act that way.

Even when it seems like nothing happened, keep acting your faith; it's only a matter of time before the change will be evident for all to see because faith always works!

MY STORY CHANGED

LYLIE KLEIN'S MIRACLE OF COMPLETE RESTORATION

For three years, Lylie Klein lived through a decline that touched every part of his life. It began shortly after a decision he believed would protect his health. Within weeks, something shifted inside his body, triggering a cascade of complications that weakened him, disrupted his career, and forced him into a life he no longer recognized.

"I took the COVID-19 vaccination. Two weeks later, I discovered my leg hurt. The pain got so severe that I had to take medications to combat it," Lylie recalls.

"I took the COVID-19 vaccination. Two weeks later, I discovered some pain in my leg. The pain got so severe that I had to take medications to combat it," Lylie recalls.

The drugs offered little relief. The pain intensified, and swelling quickly set in. His left foot became engorged because blood wasn't flowing properly through his veins. After several examinations, doctors discovered that the main artery in his leg was severely blocked, a complication that arose from the vaccination.

"At the hospital, I was informed of the need to have my leg amputated due to restricted blood flow. I didn't want that, so I asked them to try other treatments. So, I was given blood thinners. I couldn't work or do things on my own. As a successful person, I wanted to be able to live independently."

Before he could recover, another crisis developed. *"I started feeling discomfort in my stomach. By the time I visited the hospital, I had gone through another round of tests. The blood clot had worsened, and I was placed on two different blood thinners to double the effect,"* he shares.

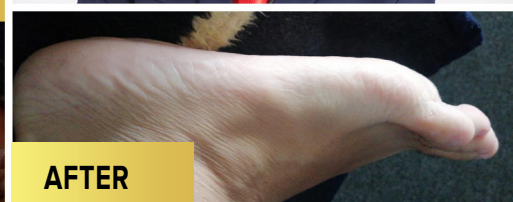

Lylie spent a month in the hospital, facing fatigue, weakness, and the debilitating effects of constant medications. Every day felt like a struggle, from

standing to walking, from eating to sleeping. *"I wanted to just leave. Being there made me sicker. Different doctors came to help, but none could guarantee the healing I needed. Several people came to pray for me, so I never gave up. I kept praying,"* he narrates, emphasizing the faith that sustained him through those dark days.

When he returned home, Lylie's life had changed drastically. Simple movements became painful. Tasks that were once routine required strength he no longer had. His days revolved around managing pain with several medications.

For three years, his life was marked by repeated hospital visits. He found it difficult to walk, lacked the energy to complete even minor chores, and eventually lost his job. Daily, he yearned to live without pain and reclaim the independence he once enjoyed.

Then one night, a sharp abdominal pain signaled another emergency. While he slept, a vein ruptured inside his stomach, causing severe internal bleeding. He was rushed to the hospital and lost consciousness.

"I became conscious after two days in the hospital. I had undergone surgery. In it all, I saw that my being alive at that moment was a pointer to the fact that God had a miracle for me on the way," he adds.

After further tests, he was diagnosed with polycythemia vera and severe blood clot complications including thrombosis and portal hypertension. The weight of multiple diagnoses was crushing, and the days ahead seemed uncertain.

Amid this overwhelming time, someone reached out and told him about the Healing Streams Live Healing Services. The Healing Streams came as a timely answer to his prayers. Lylie connected to the program online from his home with expectation, fully believing in God's power to touch his body.

"I watched the healing service. It was a most memorable moment when Pastor Chris told the audience to place their hands on the areas that hurt."

I put my hands on my stomach and immediately felt something being pulled out," he testifies. That night marked the beginning of his transformation. He slept peacefully, and when he woke up the next morning, he discovered a miracle.

That night marked the beginning of his transformation. He slept peacefully, and when he woke up the next morning, he discovered a miracle.

"My stomach, which had been severely swollen, was completely flat. The pain was gone. The tiredness had disappeared. I am a totally different person, and I feel better than ever," Lylie narrates happily. Every symptom that had limited him for years vanished, leaving him astonished and grateful.

Today, Lylie is strong, active, and full of life. The blood clots cleared. His energy returned. He walks every morning, runs around the block, drives with ease, and manages his business confidently. Free from drugs, he enjoys a life fully restored and filled with vitality.

With deep conviction, he encourages all who need a miracle: *"If God could heal me, then he can heal you as well, and it's never too late."* He extends his sincere appreciation to the man of God. *"Thank you, Pastor Chris, for healing the nations. This has changed my life completely,"* he says, closing his testimony with gratitude and joy.

52-year-old Pastor Ravi from India had endured decades of intense health challenges that severely affected his quality of life. He was diagnosed with irritable bowel syndrome, chronic urticaria, and hypertension.

These conditions brought persistent discomfort, frequent vomiting, indigestion, skin reactions, and unstable blood pressure. For many years, his daily life revolved around several drugs, yet they only provided temporary relief.

Longing for complete healing and freedom, Pastor Ravi decided to attend the Healing School. He travelled to participate in the Healing Streams studio, trusting God for a divine touch that would permanently transform his health.

During the service, the man of God, Pastor Chris, ministered to him under the power of the Holy Spirit. As the Word was spoken and healing power was released, Pastor Ravi received his miracle.

Today, Pastor Ravi testifies with confidence, *"I am free! I stopped taking all the drugs. I walk around now with no more pain and limitations. This is a great miracle in my life."*

His healing is complete and permanent. What plagued him for decades has been wiped away by the power of God.

Healed of all Infirmities

For years, 45-year-old Faatasiga from Tuvalu endured constant pain and debilitating health challenges. Her ordeal began unexpectedly in 2017 when she felt a sudden, intense sensation at the back of her neck.

It shot upward into her head like an electric bolt, so sharp and overwhelming that she screamed in agony. Rushed to the hospital, she was placed on machines as she struggled with shortness of breath and chills.

Tests revealed high blood sugar levels and she was also diagnosed with anxiety attacks. Her health continued to deteriorate despite regular medication. She was in and out of the hospital and couldn't attend classes, handle her chores, or sleep peacefully.

Due to the anxiety attacks, she lived constantly in fear, unable to stay alone or function confidently. Later, a sharp pain developed around her head, radiating to her right cheek, making it difficult for her to eat, talk, or move her jaw.

Subsequent tests uncovered an underlying neurological disorder. Her life seemed locked in a cycle of pain, fear, and endless hospital visits.

While battling through the challenges with her health, Faatasiga heard about the Healing Streams. She registered immediately and prayed earnestly for her miracle.

At the July 2023 Healing Streams, while Pastor Chris was praying for those on the healing line online, he prayed for her and commanded every demon of affliction to check out of her body. In that moment, the power of God coursed through her.

"I felt a sensation go through my body, and I knew it was the power of the Holy Ghost," she recounts joyfully. "That night I slept peacefully. The next day, the doctors confirmed that my blood sugar was normal and the other conditions were gone. I am free! I can do everything and go wherever I want. The fear of death is gone from me. Thank you, Pastor

Chris. You have changed my life!" Prepare for the March 2026 Healing Streams Live Healing Services with Pastor Chris. Register now at www.healingstreams.tv/LHS

Abnormal Growth Healed

For several years, I had an unusual growth behind my left ear. As it increased in size, the area became extremely painful, and I couldn't touch it or wash my hair properly. One day, I remembered Pastor Chris' words that the Healing to the Nations Magazine carries healing angels, and how many had received miracles through it.

In faith, I placed the magazine on my ear and declared, *"This growth is cut off in Jesus' Name."* A few days later, my miracle happened. While washing my face, I checked, and the growth was gone! The skin in that area was completely normal. What a miracle!

Restored to Health

I used to have severe pain in my lower stomach, which also caused frequent urination. It became difficult to sleep at night and to function properly during the day. One night, I took the Healing to the Nations Magazine, placed it on my stomach, and went to sleep.

When I woke up, the pain was completely gone and the frequent urination had stopped. It has been over six months and everything is normal again. I thank

God for restoring my health through the Healing to the Nations Magazine. This miracle stirred my spirit and has caused me to now be a partner with the Healing School.

I am deeply grateful to Pastor Chris and the Healing School partners for being God's vessels of healing to me. Hallelujah!

God's Power at Work

In March 2024, I traveled to Uganda to visit my mother. While there, I found my niece, Barbara, unable to walk because her feet were severely swollen. People thought it might be a kidney problem. I had brought a copy of the Healing to the Nations Magazine with me, so I placed it on her feet and prayed in faith, declaring her healing.

Following this, I encouraged her to stand and she did. She stood on her feet without pain for the first time in a while. That same day, she began walking normally again. By the next day, she went to church, running and jumping freely. Since this encounter, Barbara has been completely healed!

THE HEALTHY WAY TO ELIMINATE BODY WASTE

SCAN HERE

documentaries
on health

Proper waste elimination is essential to overall health, yet it remains one of the most overlooked aspects of daily well-being. Good elimination habits influence far more than digestion. They affect energy, immunity, hormonal balance, mental clarity, and even emotional stability. When your body eliminates waste efficiently, every system functions with greater ease. The Bible's instruction in Deuteronomy 23:12–13 reveals that proper elimination practices were emphasized long before modern science began to study them. Today, medicine calls this 'anorectal alignment,' but the principle has existed for thousands of years.

Modern toilet design, unfortunately, does not support the body's natural alignment for easy elimination. Modern toilets mimic the shape of a chair, built at a fixed height to symbolize refinement and comfort, but in reality, this elevated seating position works against the body's natural mechanics.

The higher the toilet seat, the more acute the hip angle becomes, and the more strain is placed on the abdomen. This unnatural positioning is a major reason many people struggle with piles, haemorrhoids, chronic constipation, and incomplete bowel movements. This article highlights some of the most important tips that help the body eliminate waste efficiently and safely.

Take the Squatting Posture

The human body is designed to eliminate waste most effectively in the squatting position. When you squat, the rectum aligns naturally with the anal canal. This natural angle relaxes the puborectalis muscle, the sling-like muscle that normally tightens to maintain continence. When relaxed, this muscle straightens the anorectal angle, causing elimination to become smoother.

The anorectal angle is the angle formed between the rectum and the anal canal. In a typical sitting position, this angle is kinked. In a squatting position, the angle opens naturally. Since most modern toilets are not built for squatting, simple adjustments can help mimic this natural posture:

- Use a footstool: Elevate your feet so your knees are higher than your hips. This replicates the squatting angle and reduces strain.
- Lean forward slightly: Resting your elbows on your knees and allowing your abdomen to relax improves alignment and encourages a more natural release.

These small adjustments can drastically reduce constipation, straining, and the complications that follow.

Do Not Rush or Strain

Many people rush or strain, forcing stool before the body is ready. Allow your body the time it needs. Sit, relax your abdomen, and allow the internal muscles to release naturally. When you eliminate with ease, your nervous system, pelvic floor, and digestive tract all benefit. Straining during bowel movements places heavy pressure on the spine and keeps the abdominal and back muscles tense, which over time can lead to muscle fatigue, stiffness, and pain.

Excessive straining can also increase the risk of serious complications. Stool may become too hard to pass, causing fecal impaction. Swollen veins in the rectal area can lead to hemorrhoids, while part of the rectum may protrude outside the body in a condition called rectal prolapse. In rare cases, it can cause a condition known as cauda equina syndrome, marked by intense back pain.

Maintain Proper Hydration and Diet

Eating well and staying hydrated also helps your body release waste more easily. Drinking enough water, about three liters a day, keeps stool soft and easy to pass. Eating plenty of fiber from fruits, vegetables, beans, and whole grains gives stool more substance and helps it move through your intestines smoothly.

Elimination of waste from the body is not merely a routine. When it happens smoothly and comfortably, it reduces strain, supports digestion, and helps the body function at its best. Paying attention to this everyday process turns a simple habit into a key step toward overall health and well-being.

Faith's Proclamations of HEALING & HEALTH

“That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation” (Romans 10:9-10).

Through Christ’s sacrificial death and His subsequent resurrection, it has become possible for everyone to enjoy a life free of sickness and infirmity. This is God’s purpose and desire: for everyone to live a balanced, healthy, and prosperous life always. (3 John 1:2).

Healing became yours when Jesus took your place on the Cross. It’s important to know that what He accomplished for you is not a partial healing, such that you could be sick sometimes and well at other times. In truth, the Lord Jesus successfully bore your infirmities on His own body and died, that you may continually enjoy a life of perfect health and never be brought down by sickness. This great truth becomes your vital experience when you believe and endorse it, as referenced in the opening Scripture.

CONFESSIONS

My life is filled with peace and prosperity, my body is in perfect health, and my days are blessed with the fullness of God’s blessings and riches in glory. God wants me well; therefore, I refuse to accommodate sickness or anything contrary to the glorious life ordained for me in Christ Jesus. I’m sickness-free for Jesus bore my infirmities on His body, thus securing health forever. Hallelujah!

I reject sickness, disease, and all the works of darkness and embrace the victorious and glorious life. I have passed from death to life, sin to righteousness, and sickness to health.

My body is not sustained by blood but by the power of the Holy Spirit who lives in me. My health flourishes from one level of glory to another. Daily, my blood is purified by the Holy Ghost, and I walk in God’s perfect will every day.

I am a testimony, the seed of Abraham, and an heir of Abraham’s blessing through Christ. I prosper in my health and bear living proof of God’s infinite grace, blessing, and love. The Spirit of the Lord is upon me, causing life to spring forth from within me.

Dear Heavenly Father, thank You for my blessed hope in Christ Jesus. I see pictures of possibilities as I apply Your Word to my health, life, and ministry. Daily, I have the assurance that Christ in me is my assurance of glory in every area of my life.

My mind is stayed on God’s Word; therefore, He keeps me in perfect peace. By virtue of the divine life of Christ at work in me. I experience health, victory, and prosperity, now and always. I am the expression of God’s fullness, grace, and glory. I manifest His kingdom and power.

Blessed Father, thank You for the power in the Name of Jesus and the authority I have to use the Name against the devil, sicknesses, diseases, and crises of life. I live in health. I am triumphant and sustained by the power and authority of that Name, today and always.

The power of the Holy Spirit touches everything in my body; thus, I am infused with divine strength. There is no situation I cannot change, for the inherent power to do exceeding abundantly above all that I could ask, think, or imagine is within me.

I am strong in faith, giving glory to God at all times! No sickness, disease, or infirmity can thrive in my body because I am joined to the Lord, and I am one Spirit with Him. Divine life and unfailing health and strength are at work in me today and forever.

My life is the expression and manifestation of the glory and righteousness of Christ. Therefore, I am superhuman! I have the life of Christ at work in my spirit, soul, and body. No darkness, misery, infirmity, or pain is associated with me because Christ is my life.
