# Changing Hopeless Situations

PASTOR CHRIS

**“If you can believe, all things are possible to him who believes”  
(Mark 9:23 NKJV)**

In the Gospels, there was a man whose son was bound by an evil spirit that sometimes threw him into water and fire to destroy him. It was a deaf-and-dumb spirit that caused him to suffer these epileptic seizures (Mark 9:14-20).

In desperate need of a change, the man brought his son to Jesus and cried out, **“...if thou canst do anything, have com-  
passion on us, and help us” (Mark 9:22b)**. Jesus answered him, **“...If thou canst believe, all things are possible to him that believeth” (Mark 9:23)**. Then, Jesus rebuked the evil spirit and the boy was healed instantly.

Sometimes in life, people find themselves in such difficult situations that they don't know what to do. In their state of despair and confusion, they just let themselves go and float along helplessly.

You may be reading this with a condition in your body that has no medical cure. You may have tried everything you know without a change and life seems to be caving in. It might even be someone you know who's suffering from a case that's beyond the help of medical science. All hope seems lost and you're wondering, *“Can there really be a change? Can I hope for a miracle? Is it possible for things to turn around?”* Miraculous accounts in God's Word show us that, no matter how impossible the situation seems, change is possible!

One of such amazing stories in the Scriptures is that of Sarah who was barren till the age of ninety. Her husband, Abraham, was a hundred years old at that time (Genesis 17:17). Humanly speaking, Sarah had passed the age of childbearing, it was biologically impossible.

Then one day, Abraham was sitting outside their tent door when he saw three men passing by. He ran to them and invited them in to rest for a while. Two were angels of God and the third was the Lord Himself (Genesis 18:1-8).

They agreed to stay and a short while later, the Lord said, **“I will certainly return unto thee according to the time of life; and, lo, Sarah thy wife shall have a son” (Genesis**

**18:10)**. Sarah heard it and laughed. She knew how old she and her husband were, so her laughter was triggered by the impossibility of those words coming to pass.

But the Lord heard her and asked, *“Is anything too hard for Me?”* (Genesis 18:14). That rhetorical question unequivocally posits that there's nothing too big for God to handle; there's no situation so hopeless that He cannot change it! And indeed, just as the Lord declared, Sarah got pregnant and gave birth to a son in her old age!

Are you in a condition that seems so hopeless? Believe and settle it in your heart today that change is possible; it doesn't matter how terrible the case is; you can have a miracle today! Jesus said, *“Only believe!”* (Mark 5:36), for all things are possible to the one who believes (Mark 9:23).

You may say, *“Everything depends on God. If He wants me to live, I'll live.”* As humble as this sounds, it's wrong. Many have died unnecessarily by talking and thinking this way. It isn't enough to hope that God will make everything all right; you've got a role to play. With the God-kind of faith, you can tell a mountain to move into the sea and it'll happen!

Someone says, *“I won't believe it until I see it.”* Well, that's not how faith works. Believing comes ahead of seeing. If you don't believe it, you'll never see it. **Hebrews 11:1** says, **“Now faith is the substance of things hoped for, the evidence of things not seen.”** When you're functioning with the God-kind of faith, you know you have what you've hoped for, regardless of any evidence to the contrary. Your faith in God's Word is your evidence!

Now, you may ask, *“How can I get the God-kind of faith?”* God has dealt to every one of His children the measure of faith (Romans 12:3). This means you got it the day you were born again. All you need to do now is use it to cause the changes you desire in your life.

God doesn't want you to be a victim. He wants you to come to the point where nothing moves you and you're unfazed in adversity because you know you can change anything!

# A SECOND CHANCE AT LIFE

## Altantsetseg Khurelbaatar Testifies

In 2021, 41-year-old Altantsetseg Khurelbaatar suffered a terrifying car crash that left her in a coma. Rushed to a trauma hospital in her native Mongolia, she underwent multiple surgeries to address several severe injuries, including fractures to her neck, back, ribs, hands, and legs.

*“The car was completely destroyed in that accident. I came out with a cracked skull and my face was damaged. 13 ribs were fractured and I had stitches all over my body,”* Altantsetseg relates as she begins her story.

The first 14 months were a blurry haze as she drifted in and out of a comatose state. In that state, she underwent several operations.

When the fog cleared and Altantsetseg became fully conscious, she apprehended the true extent of her injuries. She was paralyzed from the waist down and bedridden. Her normal life was gone and she woke up in a body that simply couldn't do her bidding.

She laments at the state she was in: *“When I woke up, I was only able to see, hear, and use my hands. I was told I would never walk again. Being alive was already a miracle, they said. I have very young kids, hence it wasn't easy to accept this verdict. It was difficult for me to think I would never walk again.”*

---

**“When I woke up, I was only able to see, hear, and use my hand. I was told I would never walk again. Being alive was already a miracle, they said.”**

---

Physically and mentally damaged, Altantsetseg was officially classified as 70% disabled. With no prospects for improvement, the future seemed bleak for this once vivacious lady. Having gone from being the caretaker of her home and family to being dependent on those around her, Altantsetseg found life unbearable. She

spent months trying to adjust to this new reality but couldn't make herself accept this fate that had come from one unfortunate incident.

Life as she knew it had changed. Still, Altantsetseg's condition was gradually worsening all the time. *“After being bedridden for a very long time, I started developing some other conditions like pneumonia, liver disease, and digestive system problems,”* she recalls.

Dissatisfied and despondent about her condition, Altantsetseg yearned for divine intervention in her situation. Her journey took an extraordinary turn when she discovered the Healing Streams Live Healing Services with Pastor Chris. Fuelled by a newfound faith, she promptly registered and readied herself for the appointed time of her miracle

*“To me, the Healing Streams came to resolve my problems and alleviate my worries. Just anticipating the program was a great relief, as if a weight had been lifted off my shoulders and I could finally breathe,”* she reminisces.

With her spirit reconditioned and her mind transformed by supernatural inspiration, Altantsetseg was prepared for a miracle.

*“The October 2021 edition of the Live Healing Services was a long-awaited day for me. This was my moment to be healed! I actively engaged in every aspect of the program. The testimonies shared by others were truly*

*inspiring and they gave me hope that my condition would become history, too,” she says.*

During the program, Pastor Chris prayed for countless individuals worldwide, declaring healing, divine health, and restoration. In a remarkable moment, the impossible became possible for Altantsetseg as she sensed a profound change take place in her body. It was the dawn of hope and healing.

Narrating her supernatural encounter, Altantsetseg enthuses, *“When Pastor Chris began to minister, he guided us by the Holy Spirit to place our hands on areas where we needed healing. Despite my inability to feel certain parts of my body, I placed my hands on every possible region. My entire being was infused with a surge of God’s power.*

*“Immediately after that, a warm sensation coursed from my head to my toes and, for the first time since the car accident, I regained sensation in my legs. My heart overflowed with joy at the thought of God’s boundless love for me. He touched me and restored life within me once again!”*

---

**“...for the first time since the car accident, I regained sensation in my legs. My heart overflowed with joy at the thought of God’s boundless love for me. He touched me and restored life within me once again!”**

---

For the first time in two years, Altantsetseg not only had sensations in her limbs but was also able to stand and walk! Despite the verdict of permanent disability, she was healed by the glorious power of God. She returned to the hospital and her doctors attested that this was a miracle.

Glory to God! Altantsetseg has a brand new life. Indeed, the Lord has been gracious and kind to her. Now healed, happy, strong, and vibrant, she exemplifies God’s desire for all to enjoy life in health and prosperity.

Happily testifying at a recent healing service, Altantsetseg talks about what her miracle means, *“I have progressively regained my strength. My daily routine has returned to normal, allowing me to resume my job while caring for and nurturing my children.*

*“I now walk or run effortlessly for extended periods and can wear heels with ease. All limitations have been lifted from me, rendering life more fulfilling. This is a great opportunity; I now have a second chance at life.”*

Altantsetseg concludes her testimony with this joyous proclamation to anyone seeking a miracle: *“Everything is possible with God. Just exercise your faith to receive all that you desire! Absolutely anything is possible.”*

# STILL CELEBRATING EXTRAORDINARY TESTIMONIES

Every edition of the Healing Streams Live Healing Services with Pastor Chris is a special time of healing, restoration, and salvation for billions worldwide. Time and again, many have experienced the infallibility of God's Word in creating signs and wonders, and all have seen and heard the remarkable testimonies that resonate and multiply faith wherever they are shared.

## IT WAS INSTANT!

Sushma from India, 27, suffered the pains and limitations of congenital hydrocephalus from birth. Starting with the first surgery that was done to insert a shunt to drain fluids from her brain when she was only one month old, she would undergo a series of more operations and treatments over the years that yielded no lasting results.

Daily, she experienced a host of symptoms, including excruciating migraines, vertigo, nausea, double vision, insomnia, stiffness, and body aches. She dropped out of school because she became very sensitive to light and couldn't spend time outdoors.

Sushma prayed for a divine intervention and her life changed when she learned about the Live Healing Services. When Pastor Chris commanded healing and perfection to her body, she received her miracle. She recounts, *"As the man of God called my name, I felt a surge throughout my body. As soon as he said I was free, the pressure at the back of my head and spine vanished. The aches and pains all disappeared. It was instant!"*

## I AM MORE EFFECTIVE NOW

For more than a year, Pastor Ake from Finland experienced pain in the right knee and left shoulder as a result of strain from his previous job and severe arthritis. All efforts to find a permanent solution to the pain were unsuccessful and it seemed the discomfort and agony would never end.

But help came with the advent of the October 2023 Healing Streams Live Healing Services with Pastor Chris. During one of the healing services, the man of God directed the power of God to viewers worldwide.

Pastor Ake narrates his experience: *"I placed my hands on the television screen and received my healing in faith. A few minutes later, I realized that all the pain had disappeared. I could move my shoulders and right leg without any pain. I am thrilled that I can now carry out my daily activities efficiently and be more effective in my ministry as a pastor."*

## GOD TOUCHED ME

Eleven years ago, 58-year-old Bolor Maa was shocked to discover itchy rashes that rapidly spread all over her body, leaving her in a world of terrible discomfort. Believing it was a minor skin infection or an allergic reaction to some food or other substance, she wasn't alarmed at first

But after simple remedies failed, she made several trips to the hospital to see a dermatologist. Eventually, she was diagnosed with psoriasis, an autoimmune disease that caused raised, scaly patches to appear on her skin due to systemic inflammation.

In spite of several treatments to halt the progression of the disease and improve her skin's appearance, none of the solutions provided resulted in any long-term relief. Her condition quickly worsened as the patches continued to spread. These were accompanied by dryness, flakiness, cracking, peeling, and redness.

In a desperate bid to ease her distress and the constant pain that came from touching surfaces, she had to apply ointments, wrap her body in bandages, and observe a strict diet for over seven years.

Utterly overwhelmed and desperate, she had lost all hope until she saw episodes of the Live Healing Services that had been translated into her language. This was a sign from God that prompted Bolor Maa to register for the program. She participated from her home in Mongolia and her moment of change came when the man of God directed healing power right into her home.

Bolor Maa says, "As Pastor Chris prayed, I felt vibrations all over my body. At that moment, I knew I was healed because God had touched me."

By the next day, she was stunned at the transformations all over her body. The itching was gone and the red patches had started shrinking. That touch from God restored her skin and made her whole again.

# WHOLE AND RESTORED BY GOD'S WORD

In February 2022, right after my son's first birthday, he fell seriously ill. He began to experience persistent coughing and had a significant build-up of mucus. At first, I wasn't overly alarmed, but as the days passed, his condition deteriorated.

We took him to the hospital but despite the treatments with antibiotics and paracetamol, my son did not get better. Weeks later, he started feeling even worse, so I took him to another hospital for a more comprehensive examination. To my shock, the test results unveiled that my son had multiple holes in his heart.

Subsequently, we were transferred to a specialist hospital. The doctors said there was only a 50/50 chance of survival if we opted for surgery, so we started an alternate treatment plan. However, we were forced to do the surgery in September 2022 when his condition deteriorated further.

The surgery was successful and there were positive signs of recovery in the following days. A few days before we were due to be discharged, my baby suffered a stroke that affected the left side of his body, then the right side.

At this challenging time, a nurse shared Healing to the Nations Magazine with me and encouraged me to make bold declarations of faith over my baby. The magazine became a source of inspiration and I began to pray fervently.

I had been given a grim prognosis; that my son may never live a normal life, that he may never walk again, and that his brain function would be compromised in the future. But I remained steadfast in my faith, I held on to God for a miracle.

Going through Healing to the Nations Magazine, I encountered stories of miraculous healing. One that stood out for me was that of a child who should have had surgery but was healed through contact with the magazine. The story not only inspired me but also solidified my faith.

Praise be to God! As I spoke God's Word over my boy, he started getting better. Within a month of my using the magazine, my son got his miracle. He is healed now. He is up and running! He moved from feeding through a tube to eating independently. The paralysis that once afflicted him is gone. He can now recognize his siblings and play with them in ways that were previously challenging for him. Hallelujah!

I thank the man of God, Pastor Chris, and the partners of Healing to the Nations Magazine.

# Do Love Expressions Affect Your Health?

**“Discover creative ways to encourage others and to motivate them toward acts of compassion, doing beautiful works as expressions of love.”  
(Hebrews 10:24 TPT)**

**C**ompliments of the season! This time of the year is all about love; you manifest the love of Christ to all around you and recount the works of God’s love in your life in thanksgiving. Expressing love should be your everyday tradition, not just for the holidays. You’re a love child of the love-God and displaying your divine virtues is always beneficial to your health and well-being.

Love is not just a state of mind, it is a constant decision and communication that triggers specific physiological and psychological responses in your body, mind, and spirit. Being loved and showing others that they are loved carry several health benefits, which include:

- Stronger immune health, better tolerance to pain, faster recovery from injuries and illnesses.
- Improved heart health with stable blood pressure levels and a decrease in cholesterol levels.
- Stress relief with reduced production of cortisol (stress hormone).
- Happy moods and zero depression with the increased production of oxytocin and dopamine (feel-good hormones).

The more you show love to all men, the more these benefits and more will occur. Whether you’re expressing love to your family, friends, strangers, colleagues, the sick, children, or the homeless, daily maximize every opportunity to be kind and to remind everyone that God loves them.

Here are some ways to express love to your world.

- **Words:** Words hold power and can convey hope and love. With your words, you can heal others and make the Father’s love real to them. Do this with genuine compliments and sincere words of encouragement. Learn to say “I love you” and “Thank you” often. Pray for the sick, also. Ultimately, give people you meet the Word of God, it is the power of creation that brings hope to the despondent, light in the darkness, and life to the dead.

- **Giving and Gifting:** To love is to give. John 3:16 is most apt; God so loved the world that He gave His son. Extend God’s healing power and love to others by gifting them with copies of this magazine and the Bible, as well as food, clothes, and other items. Give your time to preaching the Word for the salvation of others, and contribute to meaningful outreach projects. Whether financial, material, spiritual, or intellectual gifts, give and give more.

- **Physical Connections:** Showing love to others through hugs, smiles, holding hands, laughter, walking, dancing, and other similar actions can bring immense health benefits. Remember to celebrate God’s goodness every day and to rejoice for every win. Share this glorious life with others every day.

- **Acts of Kindness:** Love is compassionate and kind action. By serving others without expecting anything in return, exhibiting intentional acts of care, being forgiving and patient, volunteering to help the elderly and/or homeless, helping with community projects, etc., you strengthen bonds and negate feelings of loneliness, bitterness, and anger.

- **Give Your Time and Attention:** Everyone feels loved and respected when you listen and give them attention. Intentionally focus on giving people around you quality time. Disengage from your devices and plan to engage in group activities. Carry out outreaches together. Execute your community service projects together. Pray, talk, and go out for walks together. Be there for someone who needs a listening ear. Whatever it is, give it the utmost attention as a show of love.

As a child of God, you have the responsibility to spread love to everyone, everywhere, and at every time. Show the world what love truly means; this season and every day of the year.

# Faith's Proclamations of Healing & Health

**“And Jesus answering saith unto them, Have faith in God ...I say unto you, What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them” (Mark 11:22,24).**

**T**hese profound words from the lips of the Master not only show us that we can change anything, but they also tell us how. Jesus said, *“Have faith in God.”* In other words, “Have the God-kind of faith.” This is the kind of faith God operates to produce whatever you desire! In the verses preceding the reference above, Jesus demonstrated this kind of faith and showed us how it functions.

When Jesus faced a situation He didn't like, He didn't keep quiet about it. Instead, He spoke what He wanted. It's important to note that the Bible specifically tells us Jesus spoke to the tree and His disciples heard it. He spoke out loud, not in His mind. This reveals a fundamental principle: the God-kind of faith speaks!

## **CONFESSIONS**

I am strengthened with might in my inner man. There is no weakness in my life; the Holy Spirit – the embodiment of all glory, dominion, and strength – lives in me in His fullness. No part of my body is available for sickness, or infirmity.

Today and always, God's grace is active in my life and is sufficient for me in all things. Thus, I rule in dominion over demons of darkness, sickness, disease, poverty, failure, and death. I reign triumphantly, enjoying all the benefits of divine life in Christ Jesus.

Every fiber of my being is energized and infused with miracle-working power. I'm strengthened and invigorated by the Holy Spirit in my inner man and I function with God's divine power that works in me mightily. Hallelujah!

I'm full of joy and I bask in the grace and glory of Christ. In Christ, I have everything that pertains to life and godliness. My body is perfected by the unfailing Word of God, and I flourish in health and strength today, like never before.

I have the life of God. My life is sickness-proof, poverty-proof, and failure-proof. Nothing of the devil can stay in me, for I have embraced the transcendent life in Christ Jesus. I am a partaker of the divine nature.

Dear Lord, I thank You for the blessing of Your Word and the wisdom it imparts to me. My faith is working and I live a life of total joy and fulfillment in Christ. I'm healthy, sound, and excellent. I am full of life and aglow in spirit.

I live my days in health and prosperity. I do not suffer from headaches, colds, fevers, diabetes, stomach pain, or any such thing. The Holy Spirit in me keeps my spirit, soul, and body invigorated and ever-alive

In the Name of Jesus, I'm alive and well. Greater is He that is in me, than the sickness that is in the world. My body is the temple of the Holy Ghost; therefore, it doesn't accommodate sickness or anything that's not of God.

Dear Father, thank You for Your life in me that makes me more than a conqueror. I live above sickness and disease. My life is excellent and full of glory, as I walk in and manifest the dominion of Christ today. Amen.

I am who God says I am; I have what He says I have. God wants me well; therefore, I will always be well. I choose health, not sickness. I choose strength, not weakness. I choose life, not death. Satan has no authority over me because my life is hidden with Christ in God.

My life is a daily expression of unspeakable joy and glory. With joy, I experience the awesome blessings that God has delivered to me through salvation. With eternal life in me, there is no room for sickness, worry, lack, or failure.

Dear Father, I thank You for Your Word in my heart and mouth. As I meditate on the Word and voice it, I nourish my spirit, soul, and body, fortifying them against the corrupting influences of the world. Hallelujah!
