# See with God's Light

**"I give thee charge in the sight of God...Who only hath immortality, dwelling in the light which no man can approach unto; whom no man hath seen, nor can see: to whom be honour and power everlasting. Amen"  
(1 Timothy 6:13,16).**

If you're in a condition today that you don't like, it's your responsibility to come out of it. A lot of times, we think that God is going to bring us out, but the truth is that, in the mind of God, you're already in the best place you could ever be.

Now it's up to you to use your faith to make your life a true reflection of the Word. God dwells in the light of His Word. So, when He looks at you, He sees you in the light of His Word. He doesn't see you sick, weak, or bound by any infirmity. He doesn't acknowledge that you have migraine headaches. He doesn't see you as suffering from sickle cell anemia.

The problem with many of God's children is that they live too much at the natural level of life. They see everything at this level. They feel something in their bodies, and they conclude they're sick.

They look around, and they figure they can't make it. They look around and see all the difficulties of life and then say, "Oh God, see what I'm going through!" But God is saying, "Where did you get that from? How did you get into that mess?"

Let the Word of God become the light by which you see. Then, you will discover that the condition is but a mirage; it's not real. The doctors may have said, "There's no way out, you will never get well," but reality is what the Word of God reveals to you. 1 Peter 2:24 says, "Who his own self bare our sins in his own body on the tree, that we, being dead to sins, should live unto righteousness: by whose stripes ye were healed."

In that difficult situation, it's also important to know that you've got to voice your faith. You must declare the truth of what God's Word says you have.

2 Corinthians 4:13 says, "We having the same spirit of faith, according as it is written, I believed, and therefore have I spoken; we also believe, and therefore speak...." Faith speaks! Many times, when people face difficult situations, they want to tell others about it because they think they might die in that trouble. The truth is that you're not supposed to talk about what you're going through but to talk about what God's Word has done for you. Our responsibility is to testify to the Word.

Get to the Word of God and discover for yourself what Christ accomplished for you, then accept it and say it!

There may be a medical report that shows something has gone wrong with your physical body. Your first reaction shouldn't be to find someone to share that negative report with. Instead, declare the Word of God concerning you, which you believe in your heart.

That's the fight of faith! And when you stick to the Word, you're sure to have a testimony. The environment you need for the change you desire to take place is the environment of faith.

If you're outside the environment of faith, you're in trouble because that's where fear, failure, and defeat thrive. Functioning in faith, it doesn't matter what you go through; you will live above circumstances all the time! Even when change seems impossible, you will know that you can only come out victorious!

**PRAYER OF SALVATION**  
If you want to make Jesus Christ the Lord of your life, say this prayer, believing with all your heart:

“O Lord God, I come to You in the Name of Jesus. I believe that Jesus Christ is the Son of the Living God. I believe that God raised Him from the dead and I confess that Jesus Christ is the Lord of my life from today. I receive, by faith, remission of sins for my soul. Right now, in the Name of our Lord, Jesus Christ, I receive eternal life into my spirit. I am born again!”

If you've just said the prayer, please send an email to [info@httnmagazine.org](mailto:info@httnmagazine.org).

SAKSHI SHRIKE TESTIFIES

**S**akshi Shirke, a bright and ambitious young professional from India, was building a life she loved. With clear goals, a growing career, and the constant support of her family, her days were filled with purpose and promise. Everything about her life pointed toward growth, fulfillment, and a future she was excited to embrace.

However, in 2023, that steady rhythm was interrupted when Sakshi began to experience persistent neck pain. The pain and discomfort continued unabated. Concerned, she visited a doctor, hoping for a simple solution. The specialist informed her that it was a minor muscle issue and prescribed painkillers and an ointment. "I used the medications repeatedly, but days turned into months, and the pain did not stop," she recalls.

In 2024, a noticeable lump appeared around the area where the pain had lingered, further complicating her health. An MRI and consultation with an orthopedic doctor revealed that it was a soft tissue swelling. "Again, I was given calcium tablets, painkillers, and an ointment for treatment. But all these did nothing to help, as the pain persisted and became severe. Taking all these pills over time aggravated my hyperacidity, a condition I had suffered from since childhood," Sakshi says.

Due to hyperacidity, she suffered intense bloating and breathing difficulties. Eating became a struggle, and her body grew weaker. Despite visiting multiple specialists, there was no clear diagnosis. "In 2025, the pain worsened so much that I visited more hospitals. Every month, I visited a new orthopedic doctor because the underlying issue confounded the doctors," she explains.

At one point, it was assumed she might be suffering from cervical spondylosis. She took the medications prescribed all the same, but nothing chorthopedicat had started in her neck spread to her spine and other parts

of her body.

When every option for treatment proffered proved abortive, she moved from

hospital to hospital for more thorough examinations. Eventually, she was diagnosed with polyarthritis and a disk bulge.

“I was placed on complete bed rest for months, taking several pills daily. I was sleepless due to the pain. Standing and walking were virtually impossible. I couldn’t sit in one position for two minutes. I relied on a lumbar corset and needed help to use the washroom or do anything else. Confined to bed all day, I slipped into depression, with several thoughts of death flashing through my mind. I had to resign from work,” she recounts.

The toll was not only physical but deeply emotional. At her lowest point, fear and hopelessness took hold. “I was that hopeless,” she admits.

Shortly after, she was admitted to the hospital and placed on steroids and strong medications. Yet, even after days of treatment, there was no improvement. Medical reports showed her condition worsening, with rising inflammation levels. Her doctors informed her that her condition could only be managed, not cured, and that she would need lifelong medication and periodic bed rest every three months.

Unwilling to accept this, Sakshi made a bold decision to be discharged and went to church, where her pastor prayed for her and introduced her to the Healing Streams Live Healing Services.

“I had 12 days to prepare. While attending the Healing School classes online, I watched previous testimonies from the Healing Streams, and I became so hopeful that if those people could be healed, I could also be healed,” she says.

On the day of the healing service, Sakshi was participating from home, lying in bed with her lumbar belt, too weak to sit or stand. Then the man of God, Pastor Chris, called out to her on the virtual healing line and declared her healed.

“I felt a quick movement from my head to my toes. My body was stiff, but when Pastor Chris said, ‘It’s gone,’ I felt a surge of energy in my body,” she testifies. Immediately, everything changed. She removed her lumbar belt and went on her knees, praising God, which had been impossible before.

Today, Sakshi lives in complete freedom. “Now I can do everything. Doctors told me I could not wear heels, but I am wearing heels now. No pain, no discomfort! I was also healed of hyperacidity too. The bloating and constipation are gone,” she said, testifying at a recent edition of the Healing Streams.

**“Now I can do everything. Doctors told me I could not wear heels, but I am wearing heels now. No pain, no discomfort! I was also healed of hyperacidity, too. The bloating and constipation are gone,” she said.**

Her life is not only restored but filled with renewed purpose. She ministers healing to others, sharing the same healing power she received. With deep conviction, Sakshi shares this message with anyone who needs a special miracle from God. “Do not accept your sickness. Do not think that because we are human, sickness is natural. No, we are made for divine health.”

Wrapping up her joyous account, she expressed her gratitude to the man of God. “Oh, Pastor Chris, thank you so much. Words are not enough to describe the wonderful works you are doing for the whole world. Thank you for the Healing Streams. I love you so much.”

A Report on the March 2026 Healing Streams Live Healing Services with Pastor Chris

**H**ealing Streams is God's divine provision to bring healing to the nations of the world, and the 18th edition of the Healing Streams Live Healing Services recorded diverse global impact. From March 13-15, 2026, billions of people from all corners of the globe gathered in unity, both on-site and online, to partake in a divine visitation of healing, restoration, and life-transforming miracles.

Each day opened with a rendezvous of glory as the Loveworld Singers ministered in heavenly songs. One ministration after another, attendees were stirred into heartfelt worship, offering the fruit of their lips and lifting holy hands to the Lord in most holy adoration.

In that swelling atmosphere of the supernatural, the director of the Healing School, Pastor Deola Phillips, guided participants to position themselves for the miraculous through her opening address and exhortation: "Healing streams are coming to you from the presence of God. They are coming to you, and the Scripture says everything shall be healed wherever these waters go. That means that wherever you are today, healing is yours. Everything that you are expecting will come to you with

As the man of God comes, His presence will release God's power, and you will be healed," Reverend Tom Amenkhenan affirmed.

Reverend Ray Okocha encouraged participants, declaring that no situation is beyond God's reach: "It doesn't matter what the case is. It doesn't matter what the situation has been. Heaven is ready for you. The Lord is ready for you."

Adding to the rising expectation, Pastor Johan De-Beer declared, "Globally, there is great expectation for this Healing Streams, and this one is going to be far bigger than the previous ones."

In each day's session, Reverend Ray Okocha led the global audience in fervent prayer and intercession,

reinforcing God's authority over lives and nations.

It was a parade of testimonies as Evangelist Eddy (Dr.) Owase welcomed testifiers to the stage to share firsthand accounts of healing and transformation experienced through the Healing Streams. "As you listen to these testimonies, open your heart to God's power," he charged, anchoring this momentous segment of the service.

Dmitri from South Korea suffered a severe spinal condition for over 20 years. A sudden injury at his construction job while lifting a heavy object turned into a nightmare. The seemingly minor injury developed into chronic pain, affecting his entire spine and making simple movements like bending, squatting, or even turning his head extremely difficult. Medications and therapies did little to help, and doctors advised surgery, which he was

unwilling to undergo. In 2022, his condition further led to depression.

A miraculous intervention took place when Dmitri learned about the Healing Streams and attended on-site. During the program, Pastor Chris ministered to him. “The man of God, Pastor Chris, touched me, and I felt God’s power come into me. When I got up, the joy of the Lord filled my heart. I felt so much joy and freedom. After the

The services were beautifully punctuated with moments of worship. Following this, a wave of excitement swept across the globe as Pastor Chris stepped into the Healing Streams auditorium.

Manifesting God’s power, he ministered healing and restoration to the sick on-site, on the virtual healing wall, and to the global congregation. Diverse infirmities disappeared. The sick received instant relief, the oppressed were set free, and countless individuals experienced the healing streams of God in homes, hospitals, offices, and healing centers worldwide. Testimonies were recorded from nations far and wide as the power of God penetrated everywhere unrestrained.

38-year-old Sahira from Italy found herself dealing with challenges in her health for over 10 years. She was diagnosed with asthma, severe allergies, and fibromyalgia. Breathing was difficult for her, and this was just one of the dire symptoms she suffered. As simple household tasks were no longer possible, so was her ability to focus on work. Years of medication with no solution left her weak and emotionally drained.

She registered for the Healing Streams, and her healing moment came when the man of God, Pastor Chris, called her by name and ministered to her on the screen. Immediately, Sahira received her healing. That divine encounter changed her life forever. Sahira has been

After losing his father, Chris from New Zealand endured severe depression and drug addiction for years, and his life spiraled downward with multiple suicide attempts. In 2017, he was involved in a car accident that resulted in severe fractures in his legs, causing years of excruciating pain and limited mobility. He could no longer engage in running, his favorite sport.

Ready for the miraculous, Chris registered for the Healing Streams. During the service, Pastor Chris instructed the global participants to place their hands where they needed a miracle. As he touched his leg, he felt a divine sensation, and the lump in his leg disappeared instantly. Beyond that, God’s healing power touched his life and healed him of every addiction. Now, Chris lives pain-free with no limitations. No more depression!

restored to full health and strength. She is now able to do all that she could not do before with ease. Hallelujah!

**CHRIS FROM NEW ZEALAND**

In 2017, Lucia from Italy was diagnosed with pulmonary fibrosis caused by Sjögren’s syndrome. As a result, she could not breathe on her own and had to depend on supplemental oxygen, which she carried everywhere she went. This condition greatly limited her life and took a toll on her body.

Desperate, Lucia registered for the Healing Streams. As Pastor Chris ministered to the sick online, she suddenly felt relief in her body unlike anything she had experienced in a long time. Demonstrating her miracle immediately, she removed her oxygen mask and moved around the house, thanking God for her healing. Today, Lucia breathes freely without assistance and moves about without any discomfort. Filled with gratitude, she thanks Pastor Chris and Healing School partners for this miracle that has transformed her life.

Pastor Chris shared various teachings, enlightening all and stirring them in the direction of God’s plans and purposes through the Word and by the Spirit. Many were welcomed into eternal life in Christ as he led them in the prayer of salvation.

In the closing moments of the service, the man of God warmly acknowledged ministers and youths who journeyed from various countries to participate in the program. Together, they prayed for the nations of the world. Pastor Chris also prayed for families, imparting unlimited blessings to all who were connected.

The March 2026 Healing Streams was a time of unprecedented miracles, as foretold, leaving the global audience everywhere renewed, uplifted, and blessed. Undeniably, it was a phenomenal global experience of overflowing joy in all the nations.

# SPECIAL MIRACLES WITH THE HEALING TO THE NATIONS MAGAZINE

## FRACTURED BONES HEALED COMPLETELY

One evening, while returning home from work, John from Nairobi, Kenya, heard a loud horn from a minibus behind him. Before he could turn to see what was happening, the vehicle struck him forcefully on the right side of his body from behind, knocking him unconscious. Moments later, John regained consciousness among a crowd that had surrounded him. One of them quickly stepped in and rushed him to the nearest hospital. There, the doctors administered painkillers and treatment for the impacted leg and hand.

He was later taken home that day, but by night, the pain worsened to the point that he could barely sleep. By the next day, his condition had not improved, and he was forced to return to the hospital. After further examination and scans, the results confirmed that he had sustained fractures in his right hand and leg. John was subjected to the use of crutches and daily injections and was advised to prepare for a long recovery period. Even with the crutches, he could not move on his own. He was assisted with nearly everything.

Days later, his pastor visited him and brought along some copies of the Healing to the Nations Magazine. He placed the magazine on his body and prayed, declaring his healing and speedy recovery in the Name of Jesus. That moment became the catalyst for change in his situation. His healing took place, and soon it was evident.

Inspired by the changes in his body, John began proclaiming the Word as captured on the faith proclamation page of the magazine with faith and deep conviction. Within days, he was able to place the injured leg on the ground without crutches. By the following week, the recovery was undeniable. John dropped the crutches and had the plaster on his leg and hand removed. What had been projected to take months was resolved swiftly by the power of God. John now walks unaided and lives pain-free. He expresses a heartfelt gratitude to the man of God, Pastor Chris, for the gift of the Healing to the Nations Magazine and the partners whose commitment continues to ensure that healing reaches homes and lives across the nations.

### Support Your Liver Without the Fads

Scan here

documentaries  
on health

**D**etox isn't the same as a cleanse. A cleanse might reduce bloating or water weight, but it won't help your liver do its vital job. Every day, your liver quietly removes toxins, recycles damaged cells, and keeps your body in balance. The good news is that you don't need extreme routines or trendy products to support it. Simple habits, including what you eat, drink, and how you move, make all the difference. Understanding how your liver works helps you give it the support it deserves, boosting energy, protecting your cells, and improving overall health.

At the cellular level, amazing things happen. The liver filters toxins from medications, chemicals in food, and environmental pollutants. It also works with a natural process called autophagy, a cellular recycling system that breaks down damaged cells, waste, and pathogens, turning them into new, healthy components. Supporting these processes naturally strengthens your liver and your whole body.

#### How the Liver Cleans the Body

- **Detoxification of Toxins:** Your liver uses enzymes to neutralize and break down poisons, chemicals, and other harmful substances. Proper nutrition, hydration, and overall health help this process work efficiently. A well-supported liver prevents toxin buildup that could affect other organs such as the kidneys and digestive system.
- **Cellular Recycling Through Autophagy:** Autophagy clears damaged cells and waste while recycling components for new cell growth. It can be supported through phytonutrients, low-carb or ketogenic diets, regular exercise, adequate sleep, and moderate calorie intake. Keeping this process active strengthens liver function and overall cellular health.

#### Simple Ways to Support Your Liver

- **Drink Plenty of Water:** Hydration helps circulation, nutrient transport, and waste removal, allowing the liver to function efficiently. Water also supports digestion, kidney function, and overall toxin

elimination.

- **Eat Leafy Greens and Cruciferous Vegetables:** Broccoli, Brussels sprouts, kale, cabbage, and arugula contain phytonutrients that activate liver detoxification enzymes. Fruits add antioxidants and fiber, helping manage waste and support autophagy.
- **Include Protein Sources Rich in Amino Acids:** Protein from meat, eggs, or plant sources provides amino acids that build glutathione, which neutralizes free radicals and reduces oxidative stress. Proteins also supply iron and B vitamins, which are essential for detoxification and energy.
- **Reduce Processed Foods and Sugar:** Highly processed foods and refined sugar increase the liver's workload. Whole, minimally processed foods reduce strain and support optimal function.
- **Avoid Alcohol and Harmful Substances:** Alcohol and certain chemicals force the liver to work harder. Steering clear of them helps the liver detoxify efficiently and protects cells and organ health.
- **Support Bile Flow:** Keeping bile ducts clear is essential for detoxification, especially in some individuals. Foods like beets and apple cider vinegar may help thin bile and prevent blockages, ensuring smooth detoxification.
- **Exercise, Sleep, and Lifestyle Habits:** Regular movement improves circulation and metabolism and can trigger autophagy. Adequate sleep, stress management, and mindful calorie intake further support liver function and cellular renewal.

This approach is not a passing trend. A healthy liver means a healthier you, from your energy levels to your body's natural defenses. Integrating these habits; hydration, nutrient-dense vegetables and fruits, protein, limited sugar and alcohol, exercise, proper sleep, and autophagy-supporting strategies strengthen your body's natural systems and promotes long-term wellness. It is a lifestyle that keeps you energized, shields your cells, and keeps your body functioning at its best.

# FAITH'S Proclamations

## ■ OF HEALING & HEALTH

**“But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord” (2 Corinthians 3:18).**

**T**here are people who suffer in the presence of God. It's not enough to say, “I believe in God,” or “Christ lives in me.” First, you have to recognize Him and give Him the liberty to function in your life. Christianity is a real relationship between a real God and a human being, and that relationship transforms the individual into the image or representation of God.

Secondly, activate His power through your words of faith. Speak words of faith to your body at all times. Don't speak negative words of fear and unbelief. As you do this consistently with faith in your heart, you'll find that the power of God will always be activated in your life, and the ministry of the Holy Ghost in your body will become an everyday experience.

## **CONFESSIONS**

I am alive unto God! My bones are strong, my joints are flexible, and my muscles are energized with the life of the Spirit. My skin radiates health and the glory of God. My eyes see, my ears hear, and every organ in my body works perfectly in alignment with the divine order.

Dear Father, I thank You for giving me the authority to effect changes and determine the course and circumstances of my life in line with Your perfect will. Even now, Your blessings, health, peace, and prosperity are evident in my life, now and always.

I prosper in my health and bear living proof of God's infinite grace, blessing, and love. The Spirit of the Lord is upon me, causing life to spring forth from within me. My life is filled with peace and prosperity, and my body is in perfect health and shape.

I walk in the consciousness of the fullness of the blessings of the Gospel of our Lord Jesus Christ. My life is filled with God's glory, power, and love. I impact my world and those around me with this glorious and triumphant life daily, as I manifest fruits of righteousness, in Jesus' Name. Amen.

God's divine life is working in me, spirit, soul, and body. It produces in me everything that is consistent with eternal life. I have dominion over demons, diseases, and death, and I testify that “Greater is He that is in me than he that is in the world.”

Christ dwells in me, and I in Him. I am inseparably one with Him, a member of His body, of His flesh, and of His bones.

I am the vessel through which He manifests His glory and reveals His multifaceted wisdom without limits. Glory to God!

I have the life and nature of God in me, the organic and existential attributes of deity. This divine life sets me apart and empowers me to live above sickness, disease, and every infirmity. I walk in the reality of this incorruptible and impregnable life every day.

Thank you, dear Father, for Your Word that brings healing and deliverance. Your Word is medicine to my body; my entire being organs, bones, veins, arteries, and blood are inundated by the Word. I walk in divine health and victory because Your Word is my life.

I take my place of dominion and reign through words. I walk in divine health, victory, peace, and prosperity. I live above the elements and debilitating forces of this world because I live in Christ. I am seated with Christ, far above Satan and the wicked forces of darkness.

I am a new creature in Christ; old things, including sickness, disease, infirmity, and all kinds of limitations, have passed away, and all things have become new. I walk in the knowledge of this truth, and its power is fully activated in my life. Glory to God!
