THERESA GORYS TESTIFIES

USING THE NAME OF JESUS

And Peter, fastening his eyes upon him with John, said, Look on us. And he gave heed unto them, expecting to receive something of them. Then Peter said, Silver and gold have I none; but such as I have give I thee: In the name of Jesus Christ of Nazareth rise up and walk. (Acts 3:4-6)

This scripture shows us there's tremendous power in the Name of Jesus. Peter knew and understood the power in the Name of Jesus. He knew what that Name could accomplish, and he knew how to use it. He said to the lame man at the gate, "...I will give you what I do have. In the name of Jesus Christ from Nazareth, get up and start walking" (Acts 3:6 CEV). Peter knew he had something!

Did you know you have something? If you're born again, the Name of Jesus has been given to you to use for your life and the good of others. You can use that Name over your body, your children, your home, or your business. If there is an infirmity in your body, you can use the Name of Jesus against that sickness and ask it to get out of your body, and it will.

"And whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son. If ye shall ask any thing in my name, I will do it" (John 14:13-14).

Many people have erroneously believed that Jesus was referring to prayer in this Scripture, but He wasn't. He was talking about making demands in His Name. He was saying that if you make a demand in His Name, He'll see to it that it's done, Hallelujah! He wants you to know that the power of God will back you up when you make that demand. What glorious news!

We have been authorized to reign and rule in life (Romans 5:17). We are kings and priests (Revelations 5:10), and when we address situations in the Name of Jesus, we have the guarantee that He will back up that demand with power!

So you can tell that growth, *"In Jesus' Name, I demand that you leave my body,"* and it's got to go! Tell that sickness that has been threatening your child, *"Sickness, in the Name of Jesus, I command you to turn my child loose,"* and the sickness just has to leave!

This is exactly what Peter did to the cripple at the Beautiful Gate of the temple. Using the Name of Jesus Christ of Nazareth, he demanded that the man get up and walk, and he did.

So we can make demands in the Name of Jesus. Too many of God's children suffer needlessly when they can make demands on their bodies. You can and should make demands of your physical body. If you have been troubled by sickness and disease, you should command your body to become well in the Name of Jesus!

You can use His Name to correct negative situations and circumstances in your life and in your body. You don't have to accept the status quo. Take advantage of the awesome power that is vested in the Name of Jesus. Exercise the authority He has given you, and begin today to make demands in His Name.

Prayer of Salvation

If you want to make Jesus Christ the Lord of your life, say this prayer, believing with all your heart:

“O Lord God, I come to You in the Name of Jesus. I believe that Jesus Christ is the Son of the Living God. I believe that God raised Him from the dead and I confess that Jesus Christ is the Lord of my life from today. I receive, by faith, remission of sins for my soul. Right now, in the Name of our Lord, Jesus Christ, I receive eternal life into my spirit. I am born again!”

If you've just said the prayer, please send an email to info@htnmagazine.org. God bless you.

I GOT A NEW BEGINNING

Teresa Gorys
Testifies

Before ill health and several medical conditions marred life and happiness for Teresa Gorys from Canada, she was a thriving businesswoman, a dutiful wife, and an amazing mother.

In 2007, she saw the first sign of trouble. Symptoms like headaches and breathing difficulties prompted a visit to the doctor who diagnosed her with hypertension. “A *manageable diagnosis*,” she thought, hence she adjusted her schedule, followed the prescriptions, and kept going.

But three years later, a car accident left Teresa incapacitated. The injuries sustained affected her legs and she was assigned a walker to aid her mobility. Despite intensive therapies and treatments for over a decade, the recurrent pain in her lower back and left leg persisted.

By 2021, Teresa’s health nosedived as weight loss, blurry vision, nausea, and stomach aches made life increasingly difficult. A thorough medical investigation revealed a series of crushing diagnoses: diabetes, severe arthritis, and liver cirrhosis. Each condition compounded the other, leaving her fatigued and in a relentless cycle of pain.

Subjected to daily insulin injections for diabetes, constant pain from arthritis, and incessant fatigue from liver disease, the lifestyle changes and restrictions Teresa had endured since 2007 multiplied.

Her business stopped, and she became reliant on her

family for daily necessities and even the simplest tasks. Her calendar, once filled with deals and designs, now overflowed with medical appointments.

“Being so sick affected me tremendously,” Teresa laments. “I couldn’t do anything for myself. I couldn’t walk up the stairs or attend to my everyday needs. I was dependent on my family for everything, even using the washroom. I had to get a walker to move around. I couldn’t sleep.”

“I couldn’t walk up the stairs or attend to my everyday needs. I was dependent on my family for everything, even using the washroom. I had to get a walker to move around. I couldn’t sleep.”

“It was such a dark stage in my life. It affected me mentally, and I needed therapy to adapt to my condition. I was once a very strong woman. I was fit for anything. But at this time, I was unable to even stand. My family helped and supported me in the best ways but it was hard on them,” she recalls.

Toward the end of 2022, Teresa’s specialist informed her that she needed a liver transplant and stated the possibility that she may not survive long enough to find a donor. The weight of it all became too overwhelming. Teresa yearned for the days when her life was simple and pain-free.

The fulfillment of Teresa's deepest desire came in February 2023 when someone introduced her to the Healing Streams. The news was a breath of fresh air, and she registered for the online Healing School classes to prepare for the program.

On the day of the healing service, Teresa was set for an unforgettable encounter with God's divine power. She had spent time in prayer and meditation, readying herself for her moment of transformation.

She says, *"The testimonies I heard ignited strong faith in me for my healing. The teachings helped me even further. I was convinced of my miracle, so I repeatedly said to myself, 'I will be healed. I will walk again and I won't need a walker anymore.'"*

"I participated in the Healing Streams and I knew it was the day for my healing. Pastor Chris called out to me, saying, 'Teresa from Canada, from the crown of your head to the tips of your toes, you are healed.'"

"As he ministered, a heat sensation ran through my body so strongly, and I knew I had received my miracle. I got up, needing no walker or assistance, and I walked up the stairs!" Teresa gushes.

Joy flooded Teresa's heart! She had been healed by the power of God and would never be the same again. The pain and limitations that had plagued her for 16 years were gone in an instant. Her prayers and faith culminated in a refreshing renewal of her spirit, soul, and body. She was a brand-new person, poised to live in absolute peace, joy, and divine health.

Months later, she returned to the hospital for a checkup. After all tests and examinations were concluded, her bewildered specialist announced, *"Your liver is normal – no more cirrhosis."*

It has been over a year since God changed Teresa's life at the Live Healing Services, and she testifies: *"Since my healing, I've not used the walker again and I've stopped all medications. I am stronger and able to walk up the stairs, run, and drive myself. I've returned to my business. I've got a new life, a new beginning, and I'm so glad and thankful."*

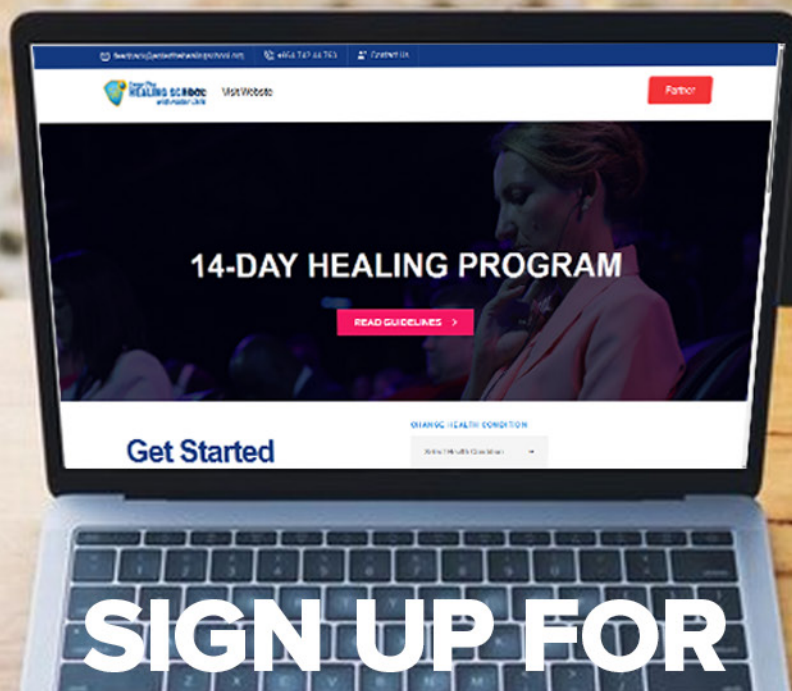

"Since my healing, I've not used the walker again and I've stopped all medications. I am stronger and able to walk up the stairs, run, and drive myself. I've returned to my business. I've got a new life, a new beginning, and I'm so glad."

Teresa is now actively involved in her local church, and she eagerly shares the good news of God's saving power. *"I go around winning souls and bringing them to church with my testimony. God is using me for ministry and it has been amazing!"* she says.

For anyone who attends the Healing Streams in search of a miracle, she encourages, *"Always believe! Never give up! Listen to Pastor Chris. He will do the praying, you will do the believing, and God will do the healing."*

Filled with gratitude, Teresa concludes her story: *"Pastor Chris, you have touched my life. I am grateful for the gift of you. Thank God for the opportunity to be healed. I am also grateful to the Healing School and its partners."*

You too can experience divine transformation and restoration, no matter the circumstance or situation. Start preparing for the next edition of the Healing Streams Live Healing Services, coming up in March 2025. For information, please visit www.healingstreams.tv.

SPECIAL MIRACLES

with Healing to the Nations Magazine

NO SICKNESS ALLOWED

The year 2023 was a challenging year in my life. I was constantly battling various ailments that required numerous hospital visits. It started with persistent migraines that refused to go away, no matter what I did. And the pain only worsened over time. As I was still dealing with the migraines, I began to experience stomach aches and knee pain as well.

I felt trapped in my body, enduring constant pain that made even the simplest tasks unbearable. The stomach pain, in particular, left me unable to walk. This severely affected my daily life and I couldn't fulfill basic responsibilities at home. Every doctor's appointment introduced more drugs. But no matter how faithfully I took them, the pain always returned. I was desperate for relief.

One day, a group of ministers came to my neighborhood for an outreach. They visited my home and gave me a copy of the Healing to the Nations Magazine. Before they left, they shared God's Word and prayed with me. It was a refreshing time, unlike any I had experienced in a long time. I knew something had shifted in my spirit.

For days after, I immersed myself in the pages of the magazine. I read the messages and testimonies and then spoke the faith confessions. With each passing day, I felt stronger and more uplifted in my faith. For every sickness I faced, God healed me through the Healing to the Nations Magazine.

But beyond my healing, the magazine became a powerful tool and a catalyst for change in my home. It drew my family closer to God and deepened our commitment to serving Him. Ever since, no sickness has been allowed in the lives of my loved ones. As we continue reading the magazine and focus more on God's Word, my family's spiritual life has flourished and blessings are flowing in ways we never imagined.

One such blessing is our new house. We worked on getting one for so long. But God's Word in the magazine showed us how to apply faith to get what we want. In the end, we spent 50% less than the original amount, and the transaction that should have lasted a month only took three days.

Thank you, Pastor Chris, for making this incredible material available to us.

Testimonies

The Healing Streams Live Healing Services are a powerful global phenomenon that demonstrates God's boundless love for the peoples and nations of the world. For every edition, billions gather worldwide, all with a shared anticipation of witnessing the miraculous. Through every segment, the power of God sweeps across the globe, with waves of healing and miracles flooding homes and healing centers. There are shouts of praise and thanksgiving as people everywhere experience divine visitations and testify to God's life-changing power in their lives.

I AM A LIVING MIRACLE!

In 2023, Diana was diagnosed with stage 3 breast cancer. The pain she suffered was intense, and even the simplest tasks became nearly impossible. The tumor grew rapidly and aggressively, prompting her doctor to recommend a mastectomy to remove the affected breast.

Devastated and helpless, Diana found no relief from the medications she was given. *"The sickness was damaging my body daily. The chemotherapy was affecting me badly. I lost my hair. Even the hairs on my eyelids fell off. I was very depressed and didn't want to go out. I just wanted to lie in bed all day,"* she states.

Diana searched for a solution online and came across the Healing Streams Live Healing Services. She decided to participate, eagerly hoping for a miracle.

Her turning point came during the service as Pastor Chris ministered to the global audience, knowing that distance was no barrier to the healing power of God. In a defining moment, she trusted the Lord and received every word by faith. Right there in Bogota, Colombia, she felt God's healing power flow through her. She knew without a doubt that a supernatural transaction had taken place in her body.

"The week after the Healing Streams, I went to the doctor for confirmation. He performed the tests and discovered that there was no trace of cancer anymore. I was asked to visit again the following week, which I did. The second result also proved that the cancer had disappeared. I am a living miracle! I have my hair back; I have my eyebrows back. I am completely healed!" she testifies.

"Thank you so much, Pastor Chris, for healing the nations, especially my country, Colombia."

Diana from Colombia

EVERY PAIN IS GONE!

For over ten years, Yassein from Tunisia endured diabetes and high cholesterol. These conditions came with a lot of painful symptoms: joint pain, insomnia, constant tingling and numbness in his hands and feet, fatigue, and a severe skin infection that covered his body. Every day was a battle.

Despite taking multiple medications daily, there was no relief. The pain dictated his life, leaving him unable to cater for himself. There were days when the pain in his legs was so unbearable that he couldn't walk for weeks.

Yassein loves music; it is his way of praising the Lord. Due to illness, however, he could no longer play his instruments, as his hands became too frail. The skin infection, spreading across his entire body, added to his misery, stripping him of confidence and any hope of normalcy. Life had come to a standstill, with nothing working. He yearned for a miracle.

Then, one day, everything changed. While watching TV, he came across clips of Pastor Chris ministering at the Healing Streams. *"I got to give this a try,"* he decided.

"That healing service was the best day of my life. As soon as Pastor Chris prayed for me, I felt the power of God on me. The next day, I felt an attack on my feet; I couldn't walk. Then I remembered Pastor Chris' words: 'Don't believe the devil. Do what you couldn't do before.' I got up and started speaking the Word. Now, every pain is gone! I am back to my music. I exercise every day; I got my life back. My skin is smooth and clear now. Indeed, all things are possible with God."

"I thank the man of God, Pastor Chris, for changing my life. When I preach the Gospel to the Islamic people in my country, it is very helpful when I show them the miracles wrought through the man of God."

HEALTH BENEFITS OF LEARNING NEW SKILLS

Welcome to 2025! It's a glorious new year and so many blessings will come alive for you. We're sure that, following the leading of the Holy Spirit, you've made plans and set goals that will position you to make the most of every opportunity for advancement. But do your plans include learning a new skill?

In our fast-paced, ever-changing world, learning new skills isn't just a practical advantage – it's a powerful way to enhance mental, emotional, and physical health. Whether it's learning a musical instrument or a new language, acquiring a new skill offers profound benefits that extend beyond the skill itself. Let's explore some of them.

ENHANCES BRAIN HEALTH

Learning a new skill challenges the brain, promoting the growth of new neural connections and improving cognitive functions, as different activities stimulate different parts of the brain. This process, known as neuroplasticity, keeps the brain agile and adaptable. Engaging in intellectually stimulating activities can help reduce the risk of age-related cognitive decline, including conditions like dementia and Alzheimer's disease.

REDUCES STRESS AND IMPROVES WELL-BEING

Engaging in a new hobby or skill provides a productive distraction from daily stressors. Activities like painting, cooking, or chess help you focus on the present, fostering a sense of mindfulness. This can reduce cortisol levels – the stress hormone – and boost your mood. Moreover, a sense of accomplishment can increase self-esteem and reduce anxiety. Celebrating little successes also triggers the release of dopamine, the feel-good hormone.

BOOSTS EMOTIONAL RESILIENCE

Learning a new skill involves overcoming challenges, such as making mistakes or encountering difficulties. These experiences build emotional resilience, teaching you how to handle setbacks and persist in the face of adversity. Over time, this resilience can translate into other areas of life, helping you approach challenges with a growth mindset.

STRENGTHENS SOCIAL CONNECTIONS

Taking a class or joining a skill-related community can help you build social connections. Whether it's a book club,

an art class, or a running group, shared interests foster meaningful relationships and provide a sense of belonging. Good social connections help lower rates of depression and improve mental health.

IMPROVES PHYSICAL HEALTH

Some skills, like dancing and martial arts, combine physical activity with mental engagement, offering a holistic health boost. These activities improve cardiovascular health, increase flexibility, and enhance coordination. Even skills that require little or no exertion, such as learning to knit or paint, can have physical benefits by improving fine motor skills and hand-eye coordination.

How to Begin Learning a New Skill

- **Identify Your Interests and Goals.** Choose a skill that aligns with your interests/aspirations to stay motivated.
- **Start Small and Set Realistic Expectations.** Begin with achievable goals to avoid feeling overwhelmed, and celebrate small milestones along the way to stay encouraged.
- **Leverage Available Resources.** The internet offers a plethora of research information and learning resources. Taking your knowledge base to the next level doesn't have to be expensive.
- **Create a Routine.** Dedicate time every day to learning. As little as 15-30 minutes daily will yield significant progress within a month. Apps that plan or track daily habits can help here.
- **See Mistakes as Learning Opportunities.** Focus on progress first. Errors may occur as you learn, but practice eventually makes perfect.
- **Seek Feedback and Stay Connected.** Share your progress with others and seek constructive feedback. Being part of a supportive network (peer, mentor, or online community) can inspire you and help you stay accountable.
- **Experiment and Stay Curious.** Try new approaches or explore related skills. Stay curious to keep the process exciting and broaden your horizons.
- **Celebrate Your Growth.** Every win and progressive step is key to boosting motivation and commitment.

FAITH'S PROCLAMATIONS OF HEALING AND HEALTH

Don't you know that your body is the temple of the Holy Spirit, who lives in you and who was given to you by God? You do not belong to yourselves but to God; he bought you for a price. So use your bodies for God's glory. (1 Corinthians 6:19-20 GNB)

This Scripture expresses that your physical body is the temple of the Holy Spirit, and you're not your own. It shows that He (the Holy Spirit) is not in you by your sheer invitation; He owns you! You don't belong to yourself or even to your earthly parents; you belong to God.

God purchased you with the precious blood of Jesus Christ, and now you have the responsibility to glorify Him in your body. You are the custodian or caretaker of your body for the Lord. You should therefore rule your body in a way that pleases Him. Let neither sin nor sickness reign in your body anymore, nor yield your body as instruments of unrighteousness unto sin; but yield your body to the Lord (Romans 6:13).

If there's anything in your body that's not from God, you ought to insist that your body comply with the Word of God and not accommodate satanic influences. Say, *"No! I refuse to be sick! My body is the temple of the Holy Ghost. Therefore, I command every cell of my body to comply with the Word of God; I reject this growth (or pain, or infection, or infirmity). Leave my body in the Name of Jesus!"*

CONFESSIONS

God wants me well; therefore, I refuse to accommodate sickness or anything contrary in my body. My life is filled with peace and prosperity, my body is in perfect health, and my days are blessed with the fullness of God's blessings and riches in glory.

Jesus bore my infirmities on His body, thus securing my health forever. I reject sickness, disease, and all the works of darkness. I embrace the victorious and glorious life. I have passed from death to life, from sin to righteousness, and from sickness to health.

My body is not sustained by blood but by the power of the Holy Spirit who lives in me. My health flourishes from one level of glory to another. Daily, my blood is purified by the Holy Ghost, and I walk in God's perfect will every day.

I am a testimony, the seed of Abraham, and an heir of Abraham's blessing through Christ. I prosper in my health and bear living proof of God's infinite grace, blessing, and love. The Spirit of the Lord is upon me, causing life to spring forth from within me.

Dear Heavenly Father, thank You for my blessed hope in Christ Jesus. I see pictures of possibilities as I apply Your Word to my health, life, and ministry. Daily, I have the

assurance that Christ in me is my assurance of glory in every area of my life.

My mind is stayed on God's Word; therefore, He keeps me in perfect peace. By the divine life of Christ at work in me, I experience health, victory, and prosperity, now and always. I am the expression of God's fullness, grace, and glory. I manifest His kingdom and power.

Blessed Father, thank You for the power in the Name of Jesus and the authority I have to use it against devils of sicknesses, diseases, and the crises of life. I live in health. I am triumphant and sustained by the power and authority in Jesus' Name, today and always. Amen.

The power of the Holy Spirit touches everything in my body; thus, I am infused with divine strength. There is no situation I cannot change, for the inherent power to do exceeding abundantly above all that I could ask, think, or imagine is within me.

I am strong in faith, giving glory to God at all times! No sickness, disease, or infirmity can thrive in my body because I am joined to the Lord, and I am one Spirit with Him. Divine life and unfailing health and strength are at work in me today and forever.
