PRAYER OF SALVATION

Say this prayer and receive Jesus into your life:

“Oh Lord God, I believe with all my heart in Jesus Christ, the Son of the living God. I believe He died for me and God raised Him from the dead. I believe He is alive today. I confess with my mouth that Jesus Christ is Lord of my life from this day. Through Him and in His Name, I have eternal life. I am born again. Thank you, Lord, for saving my soul! I am a child of God. Hallelujah!”

Congratulations! Welcome to God's family!

GOD'S WORD *Transforms*

My child, pay attention to what I say. Listen carefully to my words. Don't lose sight of them. Let them penetrate deep into your heart, for they bring life to those who find them, and healing to their whole body. (Proverbs 4:20-22 NLT)

Imagine that a certain wonder drug that can cure any sickness has been produced. If you were bald, it would make your hair grow; if you were sick with a terminal disease, it would heal it; it could do anything! If such a drug were possible, it would be in very high demand. Many would want it, just in case anything happened.

Incidentally, the Word of God is that drug that can cure any sickness! God's Healing power is in His Word! The reason some people don't get the results God's Word talks about is that they don't give enough attention to it.

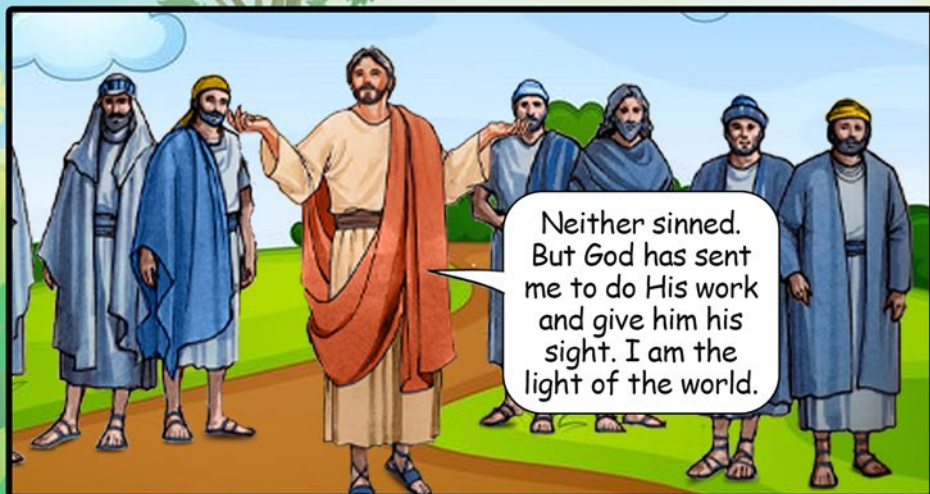

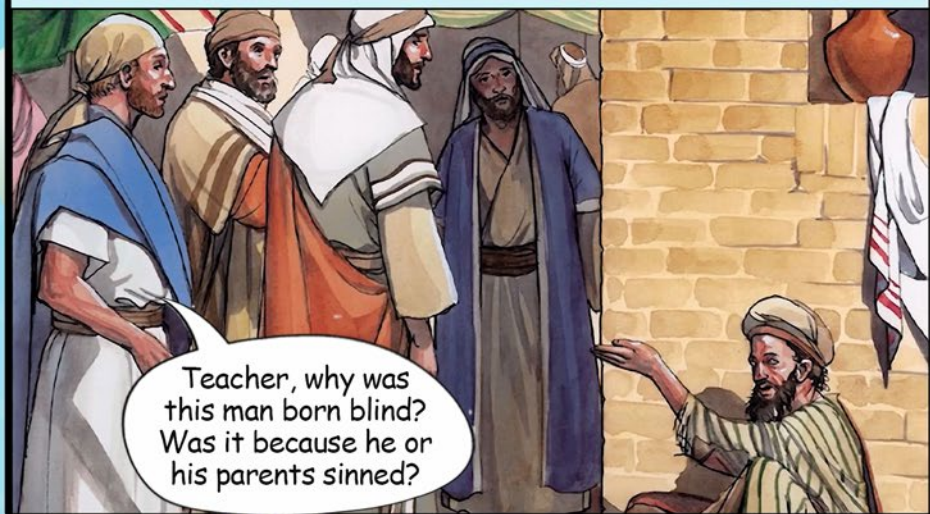

By filling your mind and heart with God's Word, you activate its transformative power. The results are automatic! God's healing power will be manifested in your body and everything that concerns you. When you understand this truth, you'll realize that God doesn't choose to heal one and not the other. He has sent His Word; if you believe it, you will be healed. There's no option.

TAKEAWAY: When you study God's Word and trust it, healing is not just possible - it's assured.

NEW EYES

For A Man Born Blind

Jesus and His disciples are passing by, and they see a man who has been blind from birth.

Jesus spits on the ground and makes some clay with his saliva, then anoints the blind man's eyes with the clay.

Go, wash in the Pool of Siloam.

The man washes his face and he can see for the first time in his life!

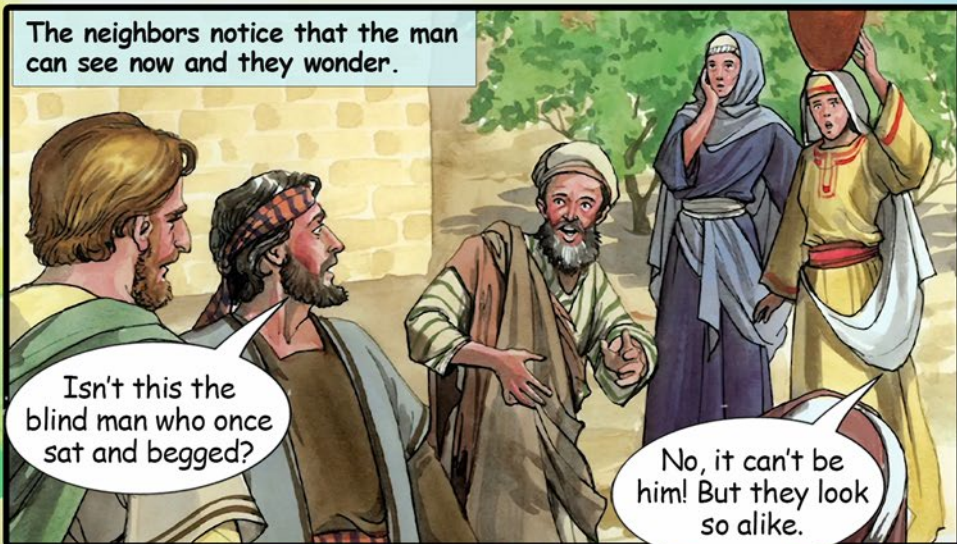

I can see!
I can see!
Praise God!

The neighbors notice that the man can see now and they wonder.

Isn't this the blind man who once sat and begged?

No, it can't be him! But they look so alike.

People's faith was strengthened as they listened to testimonies of how several others received their miracles during the Healing Streams. And then, it was time for more people to receive their miracles.

ABIEL'S ITCHY TROUBLES DISAPPEAR

In Mexico, Abiel woke up in discomfort one morning because of a terrible itch in his ear. Nothing helped and the irritation spread all over his body as he scratched! His mother – Carmela – became worried. The nearest doctor was in another town, and the earliest appointment was three days away!

But the Healing Streams was happening that weekend. When Abiel's mom found out, she tuned in. As Pastor Chris preached, she believed in God's healing power and prayed for Abiel. She said, *"In the Name of Jesus Christ, I speak healing over my son. This infection will disappear, and Abiel will be restored to health!"* The next day, Abiel's skin recovered! The itching stopped and the infection vanished. He doesn't need the doctor anymore!

BEFORE**AFTER**

NO MORE PNEUMONIA

Kepueli from Tonga suffered from shortness of breath. When his parents took him to the hospital, he was diagnosed with pneumonia and admitted for treatment. While there, an outreach team came to the hospital and set up a healing center in the pediatric ward.

As the man of God ministered on Day 1 of the Healing Streams, Kepueli's parents laid hands on him, with faith in their hearts for a miracle. He was healed instantly and discharged from the hospital the next day. Hallelujah!

HOPE RESTORED TO A DYING CHILD!

Boteng from South Africa was born in 2016. She was a normal, beautiful girl whose mother couldn't be happier. When she was two months old, symptoms like loss of appetite and bloody urine indicated that there was a problem.

Baby Boteng was taken to the hospital where several tests and scans revealed that she had a kind of kidney cancer called Wilm's tumor.

She was referred to the intensive care unit and placed on chemotherapy for six months. She got better and it seemed that it was all over. But about a year later, the tumors occurred again. This time, in her kidney and lungs. Boteng's lungs were affected and her life was in danger.

Hope came alive for her mother when she heard about the Healing School because she knew it was their set time for a change. During one of the healing services, Pastor Chris ministered to Boteng and declared her free! Her mom testifies: *"The following day, Boteng had energy like never before, and she could eat anything. She can now play and do lots of things. Cancer is gone and my baby is whole and free!"* Glory to God!

BACKPACK RULES!

Backpacks are awesome for carrying books, snacks, and school supplies, but if they're too heavy or worn the wrong way, they can hurt your back, neck, and shoulders, leading to poor posture, nerve damage, spinal problems, and increased risk of falls. You don't want that, right? So, here's how to pick the best backpack and use it safely!

CHOOSE RIGHT

- ★ **Size matters:** Pick a backpack that fits your body – too big means it can get too heavy!
- ★ **Wide, padded straps:** Look for soft and wide straps to help spread the weight evenly. Narrow straps dig into your shoulders!
- ★ **Padded back:** A soft back helps keep you comfy and protects you from sharp things inside your bag.
- ★ **Waist or chest straps:** These keep the backpack close to you and spread its weight evenly.
- ★ **Compartments:** More pockets help spread out the weight so the bag is easier to carry.

PACK SMART!

- ★ **Heavy things first:** Put the heaviest items, like books, close to your back.
- ★ **Use all the pockets:** Spread out the weight by using different compartments.
- ★ **Don't overpack:** A backpack should never weigh more than

10-20% of your body weight. For example, if you weigh 80 pounds, your backpack should weigh no more than 8-16 pounds.

KEEP IT LIGHT

- ★ Clean out unnecessary stuff weekly, and use your locker to store extra books. Only pack what you need for the day!

WEAR IT RIGHT

- ★ Always pick up your backpack by bending your knees (not your waist) and using both hands.
- ★ Always use both shoulder straps.
- ★ Adjust the straps so the backpack sits comfortably in the middle of your back, and tighten the straps to avoid sagging.

By picking the right backpack, packing it carefully, and wearing it the right way, you can stay comfortable, prevent back pain, and ensure good posture, keeping you comfortable and healthy in the long run!
