A Global Harvest

OF SALVATION AND HEALING TO THE NATIONS

FUEL YOUR FAITH WITH THE WORD

"So then faith cometh by hearing, and hearing by the word of God" (Romans 10:17).

The more of God's Word you store in your heart, the bigger your faith becomes. The less of God's Word you receive in your spirit, the less faith you'll be able to express when you're faced with challenges. There's no shortcut to growing your faith; feeding on God's Word is the only sure way.

Hence, it's important that you cultivate the habit of consistently listening to, studying, and meditating on the Word of God. Become a student of the Word; diligently search and study the Scriptures that apply to your peculiar situation. The Bible shows us in Hosea 4:6 that many of God's children are destroyed and brought down because of the lack of knowledge of God's Word.

Inundate your spirit and bombard your mind with God's Word. Your faith will soar, and you will be better equipped to unleash it against any obstacle and contrary circumstance in your life. In 1 Timothy 4:15, the Bible says, **"Meditate upon these things; give thyself wholly to them; that thy profiting may appear to all."** Keep meditating on God's Word until it takes charge of your mind such that all you think and know is what the Word says. Do it until you become fully persuaded that nothing and no one can stop you from enjoying God's best for you.

The Bible tells us that Abraham meditated on God's promise so much that he became fully persuaded that what God had promised, He was also able to perform (Romans 4:21). That was so because he kept his thoughts fixed on God's promise; he refused to consider all other contrary thoughts. As you keep feeding your spirit with God's Word, your faith will grow and cause you to stand strong in the face of life's greatest challenges.

It is important to observe that the Lord counsels us in Mark 11:22 to have the God-kind of faith. **"For verily I say unto you, That whosoever shall say unto this mountain, Be thou removed, and be thou cast into the sea; and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass; he shall have whatsoever he saith" (Mark 11:23).** This means that we can and should function with God's kind of faith. Jesus was telling them, "You can talk to the mountain." He was saying, in essence, "What you say is what you get."

The God-kind of faith speaks to the mountain, and it obeys. When you operate in this kind of faith, you speak words and have them established unto you. You are confident that the word you speak will come to pass. If everyone who is sick knew this, it would make a whole world of difference for them. Before you think of surgery, think about this. It shows that your life is right in your hands. So, don't cry to God, telling Him to take the sickness away from you; tell the sickness to go! That's the God-kind of faith.

PRAYER OF SALVATION

To make Jesus Christ the Lord of your life, say this prayer, believing with all your heart:

"O Lord God, I come to You in the Name of Jesus. I believe that Jesus Christ is the Son of the Living God. I believe that God raised Him from the dead and I confess that Jesus Christ is the Lord of my life from today. I receive, by faith, remission of sins for my soul. Right now, in the Name of the Lord, Jesus Christ, I receive eternal life into my spirit. I am born again!"

If you've just said the prayer, please send an email to info@httnmagazine.org. God bless you.

A Global Harvest OF SALVATION AND HEALING TO THE NATIONS

The Healing Streams Live Healing Services with Pastor Chris is a global healing crusade taking the message of salvation and divine healing to people everywhere. Through the Live Healing Services, participants across the globe encounter the power of faith in God's Word and experience remarkable miracles and transformations. It has become a catalyst for sustained evangelism, mobilizing ministers, young people, and partners to take the Gospel to more people through outreaches, mission trips, crusades, and other initiatives.

Faith and expectation permeate every service. Worship with the Loveworld Singers, fervent prayers, inspiring exhortations from senior ministers, and marvelous testimonies from beneficiaries around the world stir hearts and build expectation for God's wonders. At the center of it all is the ministration of the man of God, Pastor Chris. With divine direction, grace, and excellence, he teaches the Word, illuminating hearts with the glorious blessings of the Gospel of Christ Jesus and bringing them a deeper understanding of all that has been made available in Christ.

For many, his ministration to the sick is the moment they have been waiting for. As he ministers to people participating on-site and through online connections, faith meets the Word and sickness is dispelled. Pastor Chris then addresses all manner of infirmities, and across nations, people receive healing from conditions that have troubled them for years. Miracles unfold, joy fills the atmosphere, and testimonies are made manifest.

Yet the impact reaches beyond physical healing. In these powerful moments, many open their hearts to the Lord and receive salvation. People are liberated not only from sickness and disease but also into the transcendent life in Christ Jesus. The service thus becomes an encounter with the Gospel in its fullness, bringing healing to the body, hope to the heart, and the life of Christ to those who receive Him.

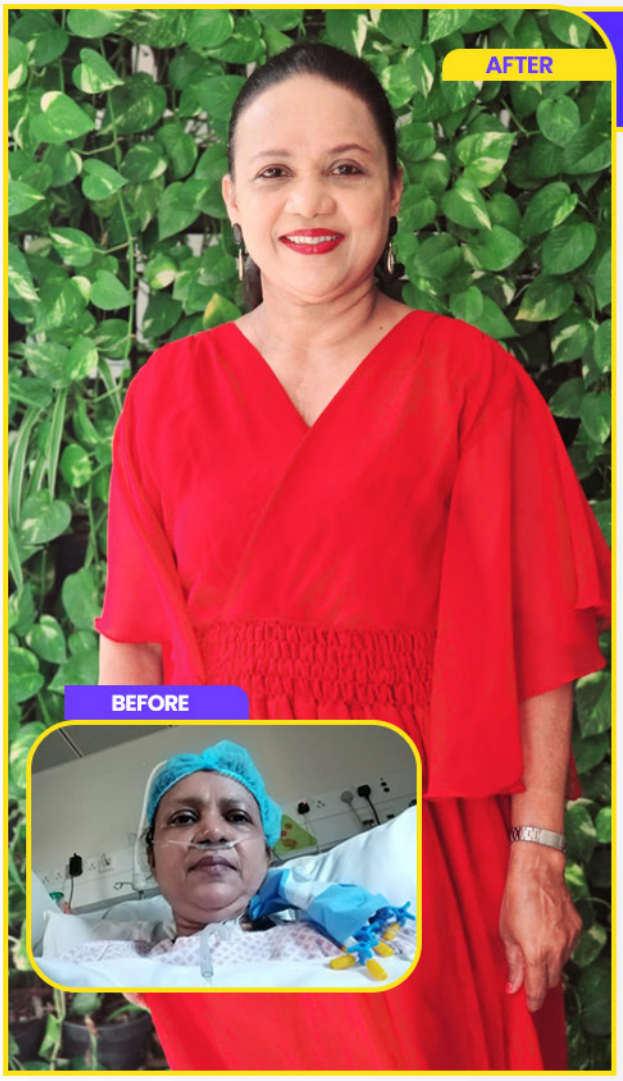

That same ministry extends throughout the nations through massive crusades, strategic healing centers, and other platforms where people gather to participate in the program in real time. Wherever they are, participants are united by the same message of faith, salvation, and divine healing. In these locations, countless people witness and receive miracles, and the blessings of the Gospel are powerfully demonstrated, transforming lives without boundaries.

Globally, remarkable testimonies emerge from healing centers, crusades, and diverse locations. The testimonies that unfold are stories of lives changed, healed, and won to Christ.

Together, they reveal the impact of the Healing Streams Live Healing Services and the limitless reach of the Gospel to every man, leaving no one behind!

FREEDOM FROM HEART COMPLICATIONS

In 2011, **Manouri, from the UAE,** suffered a heart attack followed by further complications. While seeking medical care, she experienced a ruptured artery in her heart, and doctors confirmed that her heart was weak and required bypass surgery.

Thirteen years later, in 2024, she underwent the procedure, but her heart reportedly stopped twice during the operation. After receiving the necessary medical care, she was discharged. However, she continued to experience symptoms that significantly affected her quality of life.

These health challenges forced her to resign from her job. *"I couldn't walk. I got chest pain when I carried heavy objects. Even dressing was so difficult because I could barely move my hands,"* she recalls.

Hope came alive for Manouri at the Healing Streams. It was her time for a miracle when the man of God, Pastor Chris, ministered to her, and she was gloriously healed.

"This is a great miracle. My life has been transformed. I am full of joy in my spirit," she testifies.

Today, Manouri walks perfectly, free from sickness and filled with joy over all that the Lord has done for her. She now shares her testimony wherever she goes.

HEALED OF DIABETES AND FOOT ULCER

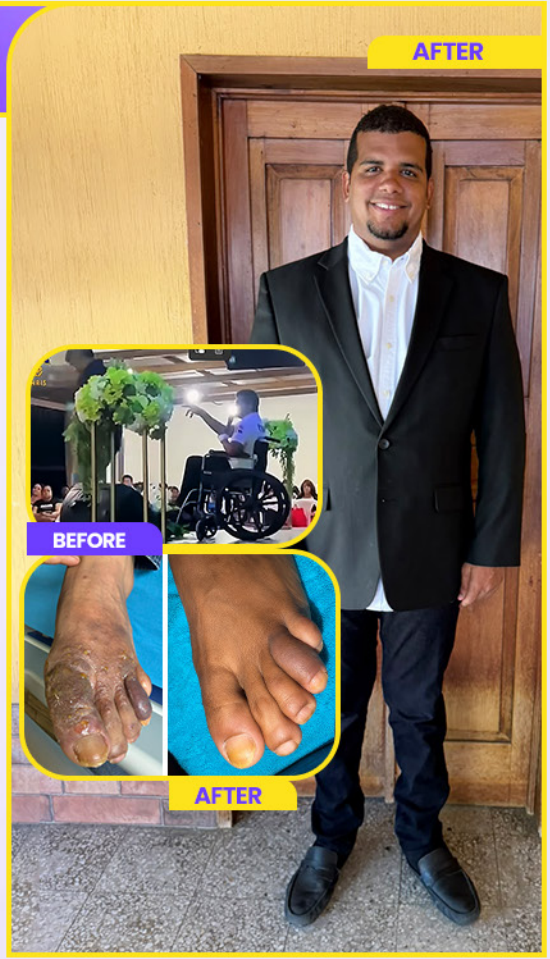

Pastor Joel from Guatemala had been a minister for seven years when, in 2025, his health spiraled downhill with a diagnosis of diabetes. Faced with the harsh reality of this condition, he could no longer live normally.

He grew weaker by the day. Soon, he developed a foot ulcer associated with his diabetes that required hospitalization for several days. He eventually had to rely on a wheelchair for mobility and could no longer stand before his congregation as he used to.

Having followed Pastor Chris's healing ministry for years, he discovered the Healing Streams through a friend and registered in great anticipation for a miracle. Filled with faith and expectation, Pastor Joel participated from home.

As Pastor Chris ministered, he felt a change in his body. Instantly, he rose from his wheelchair and walked normally, free from pain and discomfort. By the next morning, the ulcer had disappeared completely.

He also testified that he had been healed of diabetes and no longer experienced weakness. Now, he walks without a wheelchair and has returned to ministry work with renewed freedom and strength.

TRIPLE-NEGATIVE BREAST CANCER TERMINATED

A diagnosis of triple-negative breast cancer in 2022 plunged **Hauwa from Nigeria** into surgery, chemotherapy, and intensive treatments. The medications and hospital visits took a toll on her, affecting every aspect of her life and work.

Compounding her ordeal, a growth appeared beneath her arm in 2025, on the side where her mastectomy had been performed. It rapidly developed into a deep, painful wound with a foul smell. Sleeping became a struggle, and even during the day, she lay in bed, weak and unable to do anything for herself. She couldn't raise her arm, leaving her dependent on others for her daily needs.

Then Hauwa received life-changing news about the Healing Streams and participated on-site. The man of God, Pastor Chris, approached her and declared her free. That word changed everything for Hauwa!

The cancer that had tormented her life disappeared, and she felt relief. That night, she slept peacefully for the first time in months. Soon, the wound closed, and healthy tissue replaced the affected area. Hauwa is healed!

SPECIAL MIRACLES WITH THE HEALING TO THE NATIONS MAGAZINE

HEALED AFTER 20 YEARS OF SKIN DISEASE

My name is Chandmuni. I am 30 years old and from India. For more than 20 years, I suffered from a skin disease that affected my waist and stomach. Because of this condition, I was always stressed.

Whenever I had to attend family gatherings or social events with friends, I often avoided them because of the constant itching. Over time, the condition spread from my waist and stomach to other parts of my body. At night, the intense itching kept me from sleeping, and I would repeatedly scratch my skin with my nails.

As a result, my skin would become very red, and there were times when the affected areas would bleed. Sweating made the irritation worse, causing even more discomfort and severe itching. I became increasingly frustrated with the condition.

My parents and other family members advised me to see a doctor, but because I felt ashamed, I did not go. Instead, I visited a medical shop, bought ointments, and applied them to reduce the irritation and itching. The ointments provided some relief at first, but after some time, they stopped working, and the condition still persisted.

Then a minister, Evangelist Amarata, gave me a copy of the Healing to the Nations Magazine. I read it consistently. It impacted me greatly and transformed my life. Through its pages, I learned many insightful truths. Everything I needed was written in the Healing to the Nations Magazine!

I read the health affirmations and confessed them boldly. The magazine increased my faith, encouraged me, and brought transformation into my life. As I continued reading it faithfully, I noticed that the skin disease completely disappeared. I was totally healed.

I was amazed by this wonderful miracle. My life has been completely transformed. There is no more itching, no scars, and no trace of the skin disease anywhere on my body. After 20 years of suffering, I am completely free from the skin disease that once caused me so much pain and discomfort. I can sleep peacefully every night. Today, I can go anywhere without fear or shame. Hallelujah!

I thank the man of God, Pastor Chris, for this powerful tool, the Healing to the Nations Magazine. I also appreciate the partners of the Healing School for making it available to people all around the world.

GIFT LIGHT

DELIVERING THE HEALING MESSAGE TO ALL

Everyone deserves the opportunity to encounter God's Word and experience the transformation it brings. Through the Gift Light Campaign, the Braille and audio versions of the Healing to the Nations Magazine are reaching people with visual impairment in schools and communities, giving them access to the message of faith and divine health. Through the campaign, individuals have the opportunity to sponsor these editions and help take the healing message to more people and places.

In Nigeria, Professor Kelvin received a Braille copy of the Healing to the Nations Magazine for the first time and was deeply inspired by the truths shared in its pages. When he came to the prayer of salvation, he made the decision to give his heart to Christ. That first introduction to the magazine marked the beginning of a new life in Christ. *"I was so inspired reading the magazine. I have never come in contact with such life-transforming material as this. Now, I am born again!"* he shares.

PROFESSOR KELVIN

Many more blind and visually impaired people in schools, centers, and communities need the opportunity to know God's love, experience His power, and receive His saving grace. The Gift Light Campaign opens the way for more people to access Healing to the Nations Magazine in Braille and audio formats.

GIVE THE GIFT OF LIGHT

We are in the race for the last lost soul, reaching every person in every demographic with the glorious light of the Gospel. Through the sponsorship and global distribution of the Braille and audio editions of the Healing to the Nations Magazine, the Gift Light Campaign is making the healing message and the Gospel available to those who cannot read the traditional way, ensuring that no one is left out.

TAKE ACTION NOW

Together, we can make God's healing Word accessible to the visually impaired.

LOVEWORLD
COMMUNITY
CLINIC

Serving Through Quality Healthcare

For many people, distance, cost, and limited access to nearby facilities can make it difficult to receive timely medical care. Having a healthcare facility within one's community can make a real difference, bringing essential medical services closer to those who need them.

Recognizing this need, the humanitarian vision of the man of God, Pastor Chris, has led to the pioneering of several initiatives that bring practical health solutions to people. Through professionally led medical and humanitarian outreaches, medical professionals, healthcare workers, and volunteers visit communities to provide consultations, health screenings, treatment, medications, health education, surgical support, and other essential services.

Now, the Loveworld Community Clinics are extending this commitment through the establishment of dedicated healthcare facilities in strategic locations around the world.

A Continuum of Care

Designed to complement the medical outreach initiative, the Loveworld Community Clinics provide a more consistent means of delivering medical care at the community level. Rather than limiting access to organized medical visits, these facilities establish accessible points where people can seek professional care when the need arises.

Staffed by qualified medical practitioners and trained volunteers, the clinics are built to offer free primary care consultations, maternal and child health services, chronic disease management and follow-up, community-based health screening programs, and medical outreaches to remote and rural communities. They also provide facilities for medical examinations, treatment, medication, and health education.

This breadth of care allows different health needs to be addressed in one place. A routine screening, a consultation during pregnancy, treatment for an illness, or follow-up for a chronic condition can all form part of the care people receive. Health education further equips individuals and families with practical knowledge to make informed choices about their well-being.

The clinics also draw on the expertise of qualified healthcare professionals, who bring their knowledge and skills to the people they serve. Beyond diagnosis and treatment, their role includes providing guidance, encouraging healthy practices, and helping patients take informed steps toward better health.

Together, the medical outreaches and Community Clinics create a continuum of care. While the outreach teams take medical services to different locations, the clinics provide a more established presence within communities, making professional care available beyond periodic medical visits.

Loveworld Community Clinics Groundbreaking in Maasai Land
In Maasai Land, Kenya, the establishment of a new Loveworld Community Clinic has moved into its next phase with the groundbreaking ceremony. For the people of the area, this project brings the prospect of having professional medical services closer to home.

Once completed, the clinic will provide a dedicated facility where healthcare professionals can serve patients and deliver the range of healthcare services planned for the clinic. In Maasai Land, this vision is becoming tangible, with the groundbreaking marking the first step toward establishing a dedicated Loveworld Community Clinic for the area.

The Loveworld Community Clinics are a practical commitment to delivering quality care and bringing essential medical services within reach of people who may otherwise have limited access to them. As these facilities take shape in various locations, they will provide new avenues for quality healthcare to reach people, particularly in underserved areas.

YOUTH TO THE NATIONS
IGNITING HEARTS IMPACTING NATIONS

PRESENTS

HEALING HANDS

Young people are taking their place in the work of the Gospel, stepping into hospitals, schools, care homes, correctional facilities, and communities to bring Christ's healing power to people in need. With the Healing to the Nations Magazine in their hands, they are turning everyday encounters into opportunities to minister, pray, and change lives.

This is the vision of Youth to the Nations (YTTN), a global, dynamic initiative birthed through the Healing School to inspire and equip youth to take an active role in reaching their world with the Gospel and demonstrating the love and power of Christ wherever they go.

One of its key initiatives is the Healing Hands Campaign, a youth-led outreach inspired by **Acts 5:12: "And by the hands of the apostles were many signs and wonders wrought among the people…"** It encourages young people to demonstrate the love of Christ and minister to people in different spheres of society.

The campaign has mobilized young people across youth networks and ministries, reaching over one million young people in more than 200 nations. From one outreach to another, these encounters are producing stories of healing, salvation, and transformed lives.

Inspiring Testimonies

During a Healing Hands hospital outreach in Burundi, Marina and her team met a woman who had been paralyzed for six years. Unable to sit, raise her hands, or feed herself, she depended on others. They played a broadcast of the Healing Streams on the HERALD App, ministered to her with the Healing to the Nations Magazine, and prayed for her. During the prayer, she felt God's power move through her body, and her legs began to shake. The next morning, she was strengthened and could sit up and raise both hands. After six years of paralysis, she was completely healed.

In Nepal, Rabin and his team held Healing Hands outreaches in Kathmandu, Pokhara, and Biratnagar, where they distributed the Healing to the Nations Magazine and shared the Gospel with many people. Rabin ministered to the sick, and many received healing. Several others gave their hearts to Christ.

Through Youth to the Nations, a generation is rising with a mandate to bring the Gospel to their world and make a difference wherever they go. The Healing Hands Campaign is bringing this vision to life across communities, cities, and nations.

From the moment the day begins, you have messages to answer, conversations to follow, screens to check, traffic to navigate, and a steady stream of sounds competing for your attention. In the middle of every day's demands, quiet can feel like a luxury. Make the effort to find it. A little quiet can bring a welcome sense of ease to an otherwise busy day. It is not just about escaping noise. It is about giving the mind and body room to settle, recharge, and regain energy. Quiet can be as simple as sitting without a screen for a few minutes, taking a walk without headphones, or enjoying a peaceful morning before the day's activities kick off.

What Quiet Time Does for You

Give Your Mind Room to Reset

The mind is constantly processing information. Every conversation, notification, decision, and task requires attention. When there is little opportunity to step away from this stream of stimulation, it can become difficult to simply think. This is one reason a quiet moment can feel surprisingly refreshing, even when it lasts only a few minutes. Instead of filling every spare moment with activity, allow some breathing room between one demand and the next.

Let Your Body Unwind

The effects of a busy environment are not limited to the mind. When the day is filled with activity, the body can remain in a state of alertness without you even realizing it. A quieter setting can encourage you to slow your breathing, release physical tension, and relax. This is especially useful between demanding parts of the day. Take a quick pause between activities to allow your body to transition more comfortably between tasks.

Wind Down for Better Sleep

Quiet also fits naturally into a healthy bedtime routine. Put away your devices, lower the volume around you, dim the lights, and give yourself a few peaceful minutes to read, pray, reflect, or simply sit quietly. Keeping this routine consistent can help your body recognize when it is time to wind down for the night.

Practical Ways to Find the Quiet

You do not need hours of free time or complete silence to experience the benefits of quiet. Try these simple strategies:

- **Start your day quietly:** Spend some time in peace before reaching for your phone or other devices. Use the time to sit peacefully and enjoy the beauty of quiet fellowship with the Holy Spirit and the Word (Isaiah 26:3).
- **Create screen-free moments:** Set aside brief periods to step away from phones and other devices.
- **Take a quiet walk:** Leave the headphones behind occasionally and enjoy your surroundings without additional stimulation.
- **Reduce background noise:** Turn off the television or music when it is not needed and let the environment feel noticeably calmer.
- **Build quiet into your evening:** Set aside some time before bed for reading, prayer, reflection, or sitting peacefully.
- **Use the spaces between activities:** Allow yourself a few quiet minutes between the activities of the day.

Takeaway

Just as the body needs periods of activity, it also needs moments to slow down and recharge. Finding quiet is the bridge between the two worlds. It brings a different kind of restoration, offering a welcome pause from the pace of everyday life, and leaving you feeling refreshed and renewed.

FAITH'S PROCLAMATIONS OF HEALING & HEALTH

"For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith" (1 John 5:4).

A lack of understanding of this truth in the Scripture above is why some people, when faced with difficult situations, say, "I know my God is going to do it; I know He will not fail me." Even though that sounds wonderful, it is wrong, and it will not work. It is not God's responsibility to effect the change you desire; it is your responsibility. God has already done everything necessary for you to live a healthy, prosperous, joyful, and fulfilled life.

CONFESSIONS

I have the Spirit of Life living in me, guiding me, energizing me, and strengthening me. He has empowered me to do great wonders and miracles, and to effect positive changes in my world, health, family, and finances.

I have passed from death to life because all mortality is swallowed up by immortality. Sickness, disease, and infirmity have no place in my body. Everything that is not of God is swallowed up by divine life.

My health is sustained by the presence of the Holy Spirit in my body and the life of God in my spirit. I am strong in the Lord and in the power of His might. I am full of power; limitless, overcoming, surpassing power over crises, diseases, and infirmities.

I am never without strength because the strengthener – the Holy Spirit – is in me. He ministers to my body and energizes me with health, strength, and vigor. The power of God in me is at work today against circumstances, pain, sickness, and death.

I live in absolute health and soundness of mind and body. I dwell in the secret place of the Most High, and I abide under the shadow of the Almighty in health.
