The Reality OF YOUR Divine Health

**“They that observe lying vanities forsake their own mercy”
(Jonah 2:8).**

No Spirit-filled Christian should ever be subject to any form of sickness. This is what God’s Word shows us. **1 John 4:4** says, **“Ye are of God, little children, and have overcome them: because greater is He that is in you, than he that is in the world.”** You have already overcome everything that is in this world, and that includes sickness and disease, whatever name it may be called.

“What about a Christian who is suffering from cancer?” you ask. That malignant growth is not the reality. Reality is in the Word of God, and the Word of God declares that your body is the temple of the Holy Spirit. The growth you see there is not real; it’s a lie from the devil.

Satan has no power of his own. The Lord Jesus completely stripped him of every power when He arose victorious from the grave. But the devil has mastered the art of deception. He will bring the wrong picture to your mind, try to get you to believe it and say it, and then he has you where he wants. That picture of sickness he’s showing you is not real.

If you believe all that Jesus accomplished for you through His death, burial, and resurrection, and confess His Lordship over your life, you’re saved (Romans 10:9). Automatically, divine health becomes yours. You don’t have to struggle or hope for it.

Healing from heaven is yours now! It comes with the salvation package. Don’t live with that infirmity any longer; you don’t have to suffer anymore; divine health is your birthright in Christ Jesus.

I encourage you to live every day conscious of the reality of your heritage in Christ Jesus. Let the Word of God fill your heart so you’ll always talk right. The truth is, your body becomes what you say it is. If the devil tries to play his tricks on you, refuse to fear.

In 1 John 5:4, the Spirit of God declares that your faith is the conquering power that tames the world. The world cannot withstand that great power of faith in you. That means you live in victory by speaking faith-filled words. Your faith subdues the world and its systems. You neutralize whatever policy or law was fashioned to work against you in this world by your faith-filled words.

Therefore, never brood over any contrary thing that has happened in your life. The message of faith isn’t meant to sympathize with you. By that I mean that faith doesn’t look for care; rather, faith cares. Faith doesn’t cry out for help; it helps!

It’s high time you declared that you’re the overcomer that God has called you. You’re not a loser but a victor in Christ Jesus, for the greater One lives in you. When you became a child of God through the new birth, you received the very life and nature of God, which is the overcoming life. Now, you can live a life of victory all the way!

Insist on the reality of your divine health through your confessions of faith; then go ahead and enjoy your life. Remember, that’s exactly why Jesus came – so you would have life, and have it in its fullest! (John 10:10 CEV).

SIRA AKHIL TESTIFIES

One moment, everything is normal, with dreams unfolding a future of possibilities. Then, without warning, the unexpected happens. Something attacks the body and turns it into a battleground of pain and exhaustion. Goals are put on hold, and every day becomes a search for relief, answers, and hope.

This was the story of Sira Akhil, who was diagnosed with a debilitating spinal condition called lumbar lordosis. The condition, marked by an exaggerated curvature of the spine, resulted from muscle spasms that had plagued him over time. It led to intense, persistent pain in his back, neck, feet, and legs, and prevented him from maintaining an upright posture.

As the condition worsened, Sira's life became increasingly limited by extreme fatigue and heart palpitations. Simple tasks that were once routine soon became overwhelming challenges, turning his daily life into a constant struggle.

At first, Sira hoped that medical treatments would offer him some relief. However, that hope quickly faded. Despite being placed on medications, undergoing physiotherapy, and wearing a lumbar corset to ease the strain on his spine, nothing worked. Instead, his condition worsened, leaving him physically drained and mentally overwhelmed. His once vibrant future was overshadowed by the weight of his suffering.

"The pain was so much that I was bedridden. I had many sleepless nights because of it. I couldn't go to college or study," Sira recollects. "I went through physiotherapy, but it didn't work. At the hospital, the doctors informed me that the condition was incurable. Surgery was not an option because it could lead to several side effects, including paralysis.

"I went to several hospitals, but no help was forthcoming. I was also placed on several medications, which I used at the time. But they started giving me side effects, so I had to stop them completely. With all the distressing limitations, I couldn't enjoy my life," he says.

"The pain was so much that I was bedridden. I had many sleepless nights because of the pain. I couldn't go to college or study. went through physiotherapy, but it didn't work."

Each day reminded Sira of what he had lost, and hope seemed distant. For four long years, he battled the physical and emotional toll of his condition. In this state, Sira stumbled upon something that reignited his faith. While browsing online, he came across testimony videos of people who had experienced healing through the Healing Streams Live Healing Services with Pastor Chris.

He watched in awe as individuals with seemingly impossible conditions such as paralysis and terminal illness received instant healing. Even those declared dead came back to life. Faith stirred within Sira. If God could heal these people, he could be healed, too. Sira knew he had found his answer and registered for the next Live Healing Services.

The day of the Healing Streams arrived, and Sira was ready. Though his body was weak, his heart was full of expectation. Participating virtually from India, he eagerly anticipated the moment that would change his life forever. Then, his opportunity came when Pastor Chris ministered to him personally, commanding healing to his body. Sira received every word in faith, and in that instant, he was healed.

In a split second after Pastor Chris' ministration, Sira felt the power of God surge through his body. He testifies, *"As Pastor Chris spoke, I was instantly healed. I stood up, moved my back, and to my amazement, the pain was completely gone! My spine was straight, and I could do things I hadn't been able to do in years."*

It was an undeniable miracle. Today, Sira's life is a remarkable testimony of divine healing. He has resumed his education and is actively pursuing his dreams with renewed energy and enthusiasm.

"I can run, jump, and walk for as long as I want. I'm enjoying every aspect of my life and have even gotten into college. All the difficulties I endured over the past four years are now gone," he attests.

"I can run, jump, and walk for as long as I want. I'm enjoying every aspect of my life and have even gotten into college. All the difficulties I endured over the past four years are now gone."

Grateful beyond measure, Sira encourages others to wait for their miracles: *"The power of the Holy Spirit knows no bounds. No matter where you are, connect in faith, receive every word, and you will be healed!"*

He expresses deep appreciation for Pastor Chris: *"Pastor Chris embodies love and compassion like Jesus. Thank you for praying for me. I love you!"*

Sira's testimony is just one of countless stories of healing and restoration from the Healing Streams Live Healing Services. Over the years, millions across the globe have received healing from conditions deemed incurable by medical science.

Whether it is cancer, paralysis, blindness, or rare disorders, the power of God continues to flow through the Healing Streams, bringing wholeness to all who believe. The same power that restored Sira's spine is available to you. Your healing is here!

Sheribright Enowtah, a youth ambassador in California, USA, recounts the incredible moments from her healing outreaches: "Most people we spoke

to were excited to learn about the Healing Streams. Everyone welcomed us warmly, gladly receiving copies of the Healing to the Nations Magazine.

I showed them the QR code on the back page, and they eagerly scanned it and were amazed by the healing testimonies from around the world.

During the outreach, we shared about Jesus—who He is, what He came to do, and what He accomplished for those who believe. As we ministered, a woman named Veronica was overwhelmed by the Word and moved to tears. Right there, she surrendered her life to Christ. Three teenagers also received salvation that day. My heart overflowed with joy! When I got home, I was filled with gratitude, thanking God for the privilege of being a co-laborer with Christ."

BLESSINGS ON DOUBLE BLESSINGS

the officials granted concessions on everything I requested, which they never did before.

On Day 3 of that week, I got a miracle in my father's health. Miraculously, he can now see, after months of blindness. Then, I had a sudden 40% discount and many other benefits on an air ticket I purchased. I received so much money that week that I doubled my daily seeds for Week 2 of Surplus Grace.

As I was getting ready and preparing my seed for Week 3, which was double what I had given in Week 2, I received more funds that amounted to double of what I was planning to give. I went shopping and the manager gave me huge discounts at checkout in celebration of my birthday.

It has been a season of blessings on double blessings. These are just a few of the miracles and testimonies I obtained as I gave, all as a result of the 50 Days of Surplus Grace.

I am ever grateful to my man of God, Pastor Chris, for the Healing to the Nations mandate and the opportunity to be a part of it.

~ Pastor Yvonne Eba from Quebec, Canada.

Once the 50 Days of Surplus Grace was announced, I decided this was my opportunity to organize things for the fulfillment of the message of the Year of Completeness. While I was praying with my brethren and inspiring them on the Prayer Cloud, it was impressed in my spirit to give my seed for the first week of the 50 Days of Surplus Grace, which I did immediately.

Within the next 36 hours, I received cash worth over 10 times what I sowed. Next, I was favored in a case I had had with the government for over a year and

REVELLING IN OVERFLOWING BLESSINGS & MIRACLES

A REPORT OF THE DECEMBER 2024 GLOBAL MIRACLE FAITH SEMINAR

The Global Miracle Faith Seminar is a follow-up to the Healing Streams Live Healing Services, and it is designed to stir attendees with faith for healing, health, and victory. The December 2024 edition took participants around the world to new levels of inspiration.

The seminar began with a special exhortation and prayer segment led by the esteemed Pastor Rhoda Olusina, a senior Healing School minister. She stirred the global audience's expectations for a memorable experience. *"The Global Miracle Faith Seminar is not just a program; it's a global phenomenon that inspires faith for maintaining one's healing,"* she posited.

She further mobilized God's people to take action for the Gospel of Christ, especially in these last days of the Church Age. Following this, she interviewed via video conference some participants, who shared their expectations and testimonies.

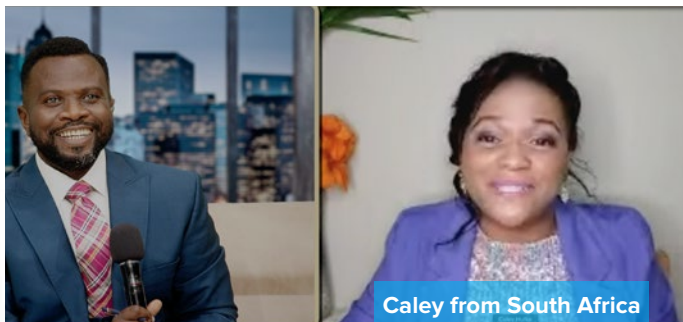

In a deeply inspiring impact video, many who had been healed in previous editions of the Healing Streams shared their testimonies and discussed how they have become powerful tools for spreading the Gospel of Jesus Christ that gives hope for healing, miracles, and salvation.

The program was an especially jubilant celebration of life-changing miracles from the October 2024 edition of the Healing Streams Live Healing Services with Pastor Chris and Pastor Benny. Several testifiers in the studio and on video calls were excited to share their testimonies.

Caley from South Africa called in to testify. She suffered from a fungal skin infection for 30 years and endured burning sensations and persistent rashes. At its worst, the condition caused her skin to bleed, forming blood patches. She withdrew socially and wore full-body clothing to conceal her condition.

In faith, Caley participated in the Healing Streams. She recalls, *"When Pastor Chris prayed for the sick, he asked us to place our hands where it hurt, and I gave myself a big hug. That night, I slept peacefully for the first time in 30 years. The itching that kept me awake was gone. No more rashes or bleeding. I can wear anything I want. Now, I'm free and healed."*

Caley's transformation prompted her to extend the grace of healing to others. *"Now, I evangelize with the Healing to the Nations Magazine in hospitals, schools, and elderly homes. Also, I host healing centers. When people see me, they see that God's Word is true,"* she shares.

For eight years, 36-year-old Aniket from India struggled with hyperglycemia and suffered from various symptoms, which include severe dehydration, frequent urination, constant fatigue, and blurred vision.

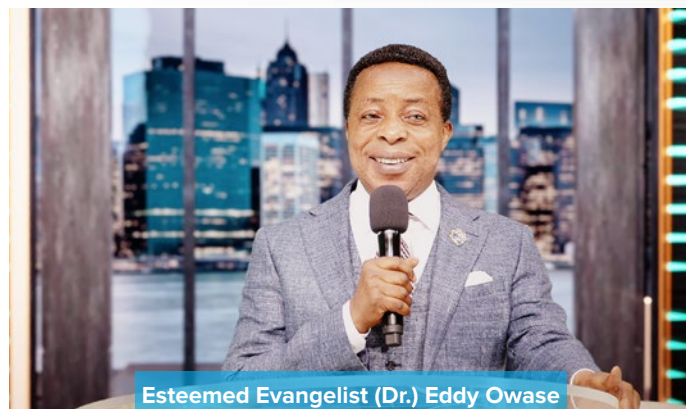

Seeking complete healing, he participated in the Live Healing Services, where Pastor Chris ministered to him.

God's healing power touched Aniket, restoring his blood sugar levels to normal. Now, he passionately shares his testimony with many in his community and beyond, distributing numerous copies of the Healing to the Nations Magazine. He has also actively established centers for Healing Streams, with several awe-inspiring testimonies recorded.

Admonishing the importance of God's Word, Evangelist (Dr.) Eddy Owase—a senior Healing School minister—explained that the Word is the foundation of everything. *"God acts on His Word in you to bring transformation. His Word is given to*

help you walk in divine wisdom and to operate with surpassing power to effect changes," he emphasized.

Referencing Hebrews 11:6, he connected faith and the Word: *"If you are going to live in health according to God's Word and overcome the adversary, it's going to be by faith. You have been empowered with the Word to live a glorious life all the time."*

The event peaked with powerful ministrations to the sick and those facing health challenges. God's healing power touched lives in homes and beyond. Filled with faith, many received their miracles, and testimonies came in from the global participants.

"I had pain in my left heel, and I couldn't rest on the leg or walk normally. During the prayers, I received my healing. Now, I can walk normally. Hallelujah!" Mimi Magdo from Martinique attests.

Memory from Zambia says, *"I had an ovarian cyst measuring 4.6 X 4.5 cm. During the prayers, I received my healing. I thank God Almighty for my miracle."*

Mark your calendars for the next edition of the Global Miracle Faith Seminar happening this month, on Saturday the 26th of April 2025.

This life-transforming program will be broadcast live on Healing Streams TV and the Healing to the Nations App. Don't miss this opportunity for celebration. Register now at healingstreams.tv/gmfs.

Cholesterol

MYTHS, FACTS, AND IMPLICATIONS FOR HEALTH

Health is the number one concern worldwide, yet many people are misled by misconceptions and misinformation. For years, people have been conditioned to believe that cholesterol is a harmful substance linked to heart disease. This misunderstanding has fueled an entire industry of cholesterol-lowering medications and foods.

What is Cholesterol?

Cholesterol is an essential lipid (fat) that is synthesized by every cell in the body. It plays a critical role in overall biological function and is necessary for cell formation, hormone production, and digestion. Without cholesterol, cells would not exist.

Key functions of cholesterol include acting as a precursor to major hormones such as cortisol, estrogen, progesterone, and vitamin D; aiding in the production of bile acids, which help digest fats; and supporting brain function.

There are two types of cholesterol.

- **HDL (High-Density Lipoprotein)** removes excess cholesterol from the bloodstream and transports it back to the liver for disposal.
- **LDL (Low-Density Lipoprotein)** delivers cholesterol to cells for repair and rebuilding.

While most authors on the subject typify HDL as the 'good' cholesterol and call LDL the 'bad' cholesterol, it is clear that each has its function.

The Cholesterol and Heart Disease Myth

The mainstream belief that cholesterol and saturated fats contribute to heart disease has led to the widespread use of cholesterol-lowering drugs. Yet, no scientific study conclusively proves that cholesterol directly causes heart disease. In reality, the liver produces cholesterol and regulates levels based on the body's needs. This self-regulating process ensures balance and prevents excessive cholesterol buildup in the body.

Cholesterol itself is not the cause of heart disease. The real problem lies in the buildup of plaque in the arteries, leading to atherosclerosis. This plaque formation is triggered by several factors, including poor diet, smoking, excessive sugar intake, and exposure to environmental toxins. Cholesterol only becomes harmful when it interacts with triglycerides and other substances in the blood.

A high-sugar diet leads to elevated insulin levels, preventing the body from effectively burning fat. When glucose levels rise, it reacts with proteins in the blood, causing a sticky substance to attach to artery walls. This process, known as glycation, contributes to plaque buildup and increases the risk of heart disease.

Toxins found in detergents, food, and even fabrics can damage endothelial cells in the arteries, accelerating plaque formation. Combined with a poor diet, these toxins increase the risk of cardiovascular disease.

Cholesterol-Lowering Medications

The effect of statins and other cholesterol-lowering drugs in preventing heart disease remains unproven. More concerning is that these drugs block a key liver pathway responsible for both cholesterol production and the creation of Coenzyme Q10—an antioxidant that protects the heart.

Without sufficient CoQ10, people on these medications may experience severe side effects, including dementia and Alzheimer's disease, muscle wasting, memory loss, and increased risk of cancer.

Bottom Line – Cholesterol is Not the Enemy:

For decades, cholesterol has been wrongly blamed for heart disease. In reality, it is an essential component of the body, playing a vital role in overall health.

FAITH'S PROCLAMATIONS OF HEALING & HEALTH

**“My people are destroyed
for lack of knowledge...”
(Hosea 4:6).**

Many are oppressed and afflicted by the devil because they lack the knowledge of God's Word. This is the reason you must take your study of God's Word seriously. It will show you who you really are and what belongs to you in Christ Jesus. The truth is, the more of God's Word you receive into your spirit, the greater insight you'll have into the life of God in you and consequently function in. That life will become so real to you, and it'll be impossible for sickness to dominate you.

Make up your mind not to have a casual relationship with God's Word. Go after it like you would go after a treasure; it will transform your life and cause you to walk in the reality of eternal life!

CONFESSIONS

I take my place of dominion and reign through words. I walk in divine health, victory, peace, and prosperity. I live above the elements and debilitating forces of this world because I live in Christ. I am seated with Christ, far above Satan and the wicked forces of darkness.

I am a new creature in Christ; old things, including sickness, disease, infirmity, and all kinds of limitations, have passed away, and all things have become new. I walk in the knowledge of this truth, and its power is fully activated in my life. Glory to God!

I have the authority to heal the sick and bring health and joy to a hurting world. Satan has no place in my life, in my home, or in my family. I have the power to cast out demons in Jesus' Name, and I use it for the glory of God. Amen.

No death, disease, malfunction, or abnormality can reside in my body. I walk in divine health daily. The life of God is in me, flowing through every cell, tissue, and organ, thus making me whole, vibrant, and full of energy. Glory to God!

God has made my life beautiful! I will never walk in sickness or defeat! The victorious and glorious life is mine now. Christ is my assurance of health and life eternal. I have dominion in Christ; I rule over my body with the Word of God and in the Name of Jesus.

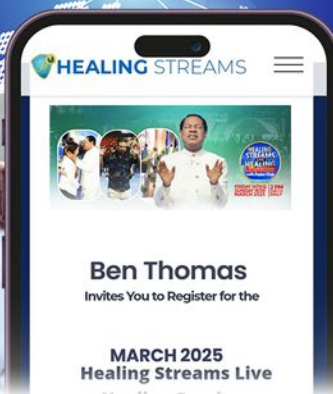

I disallow infirmity and I cut off any abnormality from my body. I have a wholesome tongue; therefore, my words are sculpted in line with God's perfect will and direction for my life. I walk in divine health, prosperity, victory, and success all the days of my life.

I function with the authority of Christ, and my body endorses only divine perfection. My body is an expression of God's excellence. I reject anything contrary to His perfect will. Thus, I walk in perpetual health, and my body overflows with life and vitality.

My health blossoms like a well-watered garden. My spirit, soul, and body are in perfect harmony with the Word; thus, I am free from any form of distress. I am complete and whole in Christ. There is no deficiency in my body or mind. Amen.

The Word of God takes root in me, producing what it talks about in my life. I reign in perpetual wellness, lacking nothing. My life is an expression of the beauty of the Holy Spirit. I dwell in divine health and excel in all aspects of my life in Jesus' Name. Amen.

I am an embodiment of God's grace, and my daily experience is that of His infinite love and mercy. I am full of life, and I live the transcendent life in Christ that is far above sickness, disease, infirmity, and death. I am not ordinary because I am born of God.
