# Because He Loves You

**“And he cast out the spirits with his word, and healed all that were sick: That it might be fulfilled which was spoken by Esaias the prophet, saying, himself took our infirmities, and bare our sicknesses” (Matthew 8:16-17).**

Jesus healed all who were sick, and He did because He loved them. This very Scripture concerns you; He took your infirmities and bore your sicknesses. He healed you because He loves you. He didn't have to wait for the doctor to help Him do it, just as He didn't have to wait for anybody to pray for your sins to be forgiven before dying for you on the Cross. He did it because He loves you.

The Bible says in **3 John: 2**, **“Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth.”**

God loves you and wants you to prosper. He wants you to prosper in your health just as you prosper in your spiritual life. He is concerned about you and wants you to experience health today. He wants to strengthen and bless you.

That's why He **“...anointed Jesus of Nazareth with the Holy Ghost and with power, who went about doing good and healing all that were oppressed of the devil, for God was with Him” (Acts 10:38)**. The last part of this Scripture lets us know it was God who sent Jesus Christ to do all that He did, and that included healing the sick and oppressed.

From this, we can safely conclude that the same God who sent Jesus to heal the people couldn't have afflicted them with sickness and disease in the first place. It's the devil that makes people sick but it's God who makes them well.

He gave Jesus the power and ability to make you well. He made you well over 2,000 years ago. Now, you only need to accept what He's done and walk in the light of it. Then, your light will break forth as the morning and your health will spring forth speedily (Isaiah 58:8). Hallelujah!

Throughout the New Testament, God's Word clearly shows

us that sickness has no place in our lives. But some people, because of their inordinate craving for the care and sympathy of others, attribute all sorts of diseases to their bodies. Others base their lives on their feelings. Once they feel a headache, they say, *“I have a fever.”* They always voice their feelings. They even become angry when you try to correct their careless utterances. This is sad because they are walking contrary to God's Word.

So many need the Lord in their lives today; they need help beyond what mortal men can do. This is why I've committed myself to telling the whole world that Jesus is still the same and that He still performs miracles. You don't have to stay home feeling sorry for yourself, wondering when, how, and if you'll ever be healed.

Hear this truth: the Creator is still alive and ready to heal you now! He wants you to see His blessings and then fill you with the Holy Spirit to enable you claim everything that's rightfully yours in Christ Jesus.

God wants you to live in health. He's not only interested in your spiritual prosperity but also in your physical well-being.

The Bible says God will bless your bread and water and remove sickness from your midst (Exodus 23:25), which means your body, family, and home. Remember, what God does for one, He'll do for anyone under the same circumstances. And if He's never done it for anyone else but you require it, He'll do it for you.

### PRAYER OF SALVATION

If you want to make Jesus Christ the Lord of your life, say this prayer, believing with all your heart:

“O Lord God, I come to You in the Name of Jesus. I believe that Jesus Christ is the Son of the Living God. I believe that God raised Him from the dead and I confess that Jesus Christ is the Lord of my life from today. I receive, by faith, remission of sins for my soul. Right now, in the Name of our Lord Jesus Christ, I receive eternal life into my spirit. I am born again!”

If you've just said the prayer, please send an email to [info@httnmagazine.org](mailto:info@httnmagazine.org). God bless you.

## Leopoldo Comes Back To Life

In the Somarriba household in Nicaragua, a day that started like any other took an unusual turn when Leopoldo suddenly collapsed. He was unconscious and not breathing. His wife was the first to find him in that state. Her cries signaled the rest of the family, and the sight of their father's motionless body on the floor left the children in shock. But amid the panic, Leopoldo's daughter, Cynthia, remembered something that sparked hope for a miracle.

Earlier that week, Cynthia had watched the rebroadcast of the Healing Streams Live Healing Services on her phone, and in that critical moment, she knew exactly what to do. She was strongly convinced that this

didn't happen by chance. She narrates: *"When I saw my father like that, I said, 'Lord, I want to experience the testimonies I've heard people share as a result of Healing Streams.'"*

With unabated faith, she played one of the videos and placed the phone next to her father's ear. As the words of faith and healing filled the room, Cynthia began speaking boldly, declaring that life returned to her father's body.

Miraculously, Leopoldo stirred and came back to life. He started breathing again and opened his eyes. The family erupted in joy, excited for the miracle they had just witnessed. Later, Leopoldo was taken to the hospital for tests and the doctors confirmed that his health was perfect, with no signs of any medical issues.

Leopoldo's heart overflows with gratitude as he shares his testimony: *"I feel so alive, youthful, and full of energy. I am a miracle. Glory be to God!"*

## The Cancer Is All Gone!

In 2021, Manijeh from Iran received a COVID-19 vaccine. Soon after, her body began to react in ways she never expected. A growth appeared in her right breast but she didn't think much of it until it opened up a wound that soon became infected. In a lot of pain and discomfort, she went to the hospital in 2022, where she was diagnosed with stage 3 breast cancer.

Manijeh started treatment immediately but her situation worsened as time progressed. *"I went through 12 sessions of chemotherapy but the condition didn't go away. I started feeling weak and tired all over my body. I couldn't walk or go up the stairs and I had trouble breathing,"* she relates. By 2024, an ultrasound scan during one of her sessions showed lumps in her kidney and liver, an indication that the cancer was possibly spreading.

It was clear to Manijeh that she would require divine intervention to extricate herself from the pain and desolation that she felt. She direly needed a miracle when she heard about the Healing Streams Live Healing Services and decided to participate.

During a healing service, Pastor Chris called out to her and commanded the cancer to die and pass out of her body. Then, he declared the pain and every trace of sickness healed. Manijeh says, *"When Pastor Chris prayed for me, I felt something leave my body. I received strength, and I now walk and breathe normally. I can do all the things I couldn't do before."*

Over the next few days, the tumor disappeared and the wound on Manijeh's chest closed. She returned to the hospital for further tests and the results were the complete opposite. *"The results showed that I no longer had cancer or any form of disease in my body,"* she exults. *"I'm thankful to Pastor Chris for my healing. Thank you, dear partners and translators, for all you do for the Healing Streams."*

Manijeh experienced a miracle and now lives to the fullest, free from pain and sickness. *"This testimony means a lot to me. I share it with everyone and introduce them to the Healing Streams."*

## Healed of Severe Anemia, Irritable Bowel Syndrome & Fecal Incontinence

Ruth from South Africa was preparing for work one morning when she suddenly felt a sharp pain on both sides of her body. When she got up, she became alarmed with the realization that she was bleeding and had become incontinent. She immediately sought medical attention.

After undergoing tests, Ruth was diagnosed with severe anemia and irritable bowel syndrome. For the next two years, her health spiraled downward as she repeatedly faced intense pain episodes that forced her to return to the hospital time and again. The doctors treated her each time and prescribed medications to manage her condition and symptoms, but her ordeal continued.

Unable to walk or control her bowel movements, Ruth needed a wheelchair to move around, and she became dependent on diapers. The once vibrant woman was now battling multiple health challenges. Hospitalized for weeks at frequent intervals, she lost her job and came under much financial strain.

*"All the medications I got didn't work. It was as if my life had shut down. At some point, I prayed God would take my life. From 2021 to 2024, I was in the hospital most of the time,"* she laments.

It was in this season of despair that Ruth heard of and registered for the July 2024 Healing Streams Live Healing Services. As Pastor Chris ministered to the sick, Ruth felt a note of victory within. She held on to that confirmation and praised God for her miracle.

In the following days, Ruth experienced changes in her body that brought her much joy and relief. She received her healing and three years of pain and suffering ended.

She testifies: *"After the Healing Streams, the irritable bowel syndrome and abdominal pains were gone. The fecal incontinence was gone. Now, I can walk, and I have control of my body. I have gone back to work and I don't need any aid for anything. I am full of life now. Thank you, partners of the Healing School, for restoring my smile."*

## HEALED OF PULSATILE TINNITUS!

I am a living testimony of the power at work in the Healing to the Nations Magazine. I was dealing with an allergic reaction in my ears. It would flare up, especially when water entered my eardrum, and become unbearably itchy until I took drugs.

The last time it happened, I got the medication and took it for a week but it didn't work. Then, I started hearing strange noises in both ears. The situation affected my focus, caused dizziness, and made sleep difficult. The first test showed nothing, so my doctor referred me to a cardiologist because he suspected that there was a heart problem.

I went to a specialist hospital where the tests showed I had pulsatile tinnitus. The noise was from my heartbeat's rhythm as blood flowed through the veins and arteries close to my ears. I had never heard of this ailment before, and I didn't want to go down a path dictated by man and medicine.

I shifted my attention to Jesus Christ the Healer. I had copies of Healing to the Nations Magazine, and they became an anchor for my faith over the next few days and nights. I meditated on the message from Pastor Chris and confessed the Faith's Proclamations. Each night, I slept with the magazines on my chest and over my ears.

The noise subsided until it was completely gone. The Lord healed me perfectly. Now, I can focus on my tasks with ease and I sleep as peacefully as a baby.

## I CAN WALK AGAIN

At home one day, I slipped and fell. There was instant pain in my leg and it didn't ease up when those around me tried to massage it. I went to the hospital for treatment, and they gave me painkillers and recommended physiotherapy. Days, weeks, and months passed, but it seemed that I would never fully recover from this injury. I started using a walker to reduce the pain when I moved around. Then, I met a dear minister – Hayat – while she was on a healing outreach.

Hayat told me about healing and health in Christ and read the Healing to the Nations Magazine with me. Then, she prayed for me and declared healing to my body in the Name of Jesus. While she was still praying, I felt a sudden surge go through my entire body. I received my healing that day. No more walkers! The pain is gone, and now I can do everything freely. Healing to the Nation Magazine is now a precious companion to me and my family.

# KEEPING A HEALTHY HEART

The heart is an essential organ responsible for circulating blood throughout the body. The blood carries and distributes oxygen and nutrients to every part of the body and the heart ensures its constant flow through the veins and arteries. The heart is like an engine, so you need to keep it in optimal condition to guarantee peak performance for the body.

Keeping a healthy heart doesn't require some far-fetched routine or any extraordinary measures. There are several simple actions you can incorporate into your daily lifestyle to make it happen. Let's look at some of them.

## Study God's Word.

God's Word is life and health to your body. Colossians 3:16 says to let the Word of Christ completely fill you in all its richness. You have to imbibe the Word through study and meditation. Meditate on God's Word every day. Don't wait for trouble to strike or for symptoms to show up first. The more you do, the more knowledge and revelation you will have concerning God's provision for your health. Stay in the Word and you'll always be healthy and sound. The Bible says, "...as you unwrap my (God's) words, they will impart true life and radiant health into the very core of your being" (Proverbs 4:22 TPT).

## Eat healthy.

Fruits, vegetables, whole grains, and fiber-rich foods make a great first step to a heart-healthy diet. These foods contain vitamins, minerals, and other nutrients that protect your heart in numerous ways. Additionally, limit your intake of highly processed food, refined sugar, high-sodium or salty meals and snacks, and saturated fats.

## Get active.

Exercise is great for your heart. Whether moderate aerobic or anaerobic exercise, the aim is to get you moving. You can start slowly. Just walking briskly for ten minutes daily will help. Break up long stretches of inactivity and/or sedentary work with brief walks on errands, household chores, and a quick run up and down the stairs. Consider including activities like dancing, swimming, or cycling in your weekly exercise routine for bigger benefits.

## Maintain a healthy body weight.

Being overweight, particularly around the middle of the

body, can put extra strain on one's heart, increasing the risk of heart disease. This additional weight can cause conditions like high blood pressure, elevated cholesterol, and type 2 diabetes. Aim to maintain a healthy weight through a balanced diet and regular exercise.

## Get quality sleep.

A good night's rest is essential for your heart and the whole body. During sleep, your body gets a chance to reset and restore itself. Your brain removes waste products, your muscles relax and recover from daily stress, and you wake up feeling rejuvenated and prepared to start a new day. Establish healthy sleep hygiene (i.e. environment and habits related to sleep) to ensure you get the right amount and quality of sleep.

## Avoid stress.

Stress management starts with your mind. You have entered into God's rest, so refuse to worry or be anxious. Finding solutions to every challenge is easier if you stay calm. Take some time daily for relaxation. You could listen to good music, meditate, visit or chat with loved ones, or even get a massage. All these can go a long way to elevate your mood and keep stress in check for your heart's sake.

## Avoid tobacco and alcohol.

Smoking is a major risk factor for heart and lung diseases. If you smoke, you should quit. If you don't, stay away from people when they do; secondhand smoke is very harmful to the heart, lungs, and blood vessels. Excessive alcohol consumption damages the liver's ability to remove toxins from the blood and impedes metabolism, and these will affect the heart and other organs in the body over time.

## Do regular health checks.

Routine heart check-ups and health screenings are crucial as they help with the early detection of medical conditions and/or risk factors. You can conduct regular self-checks with simple gadgets and wearable fitness trackers that track blood pressure and heart rate, blood sugar levels, etc. It is recommended that you visit your primary physician at least once a year for a thorough health screening.

# FAITH'S PROCLAMATIONS OF HEALING AND HEALTH

**“For the word of God *is* quick, and powerful, and sharper than any two edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and *is* a discerner of the thoughts and intents of the heart” (Hebrews 4:12).**

**S**peaking God's Word is more potent and effective than any drug or medication you may take. You can cut down any infirmity with the Word of God on your lips. The Bible tells us in our opening Scripture that it is “sharper than any two-edged sword.” This means it is more penetrating and cutting than any weapon.

The Word of God on your lips produces the results it talks about. As long as it remains in letters, it will not destroy the pain or remove the cancer. It will not eliminate the diabetes or the tumor. So take it from those pages and speak it forth! Say what God has said concerning that condition and it will comply with the Word.

## CONFESSIONS

God's Word is my life and the truth by which I live today and every day! I am filled with the knowledge of God's will, in all wisdom and spiritual understanding. I live in mastery over fear, sickness, poverty, and death.

Because I am born of God, I am top-class. I maintain top form and excellence all the way. I am the expression of God's beauty, glory, perfection, and grace. I cannot be sick and no weapon formed against me shall ever prosper, in Jesus' Name. Amen.

The Holy Ghost guides me to keep my body healthy. He perambulates my body and wards sickness, disease, and infirmities away from me. He cleanses my body so that I may live to gloriously proclaim the Master's love for me.

By my faith, I leap over walls and the world is beaten down before me. I reign over Satan and the elements of this world. My life is for the glory of God. His glory in and through me is ever-increasing, in the Name of the Lord Jesus. Amen.

I speak healing and health over my body. I declare that I am not subject to the circumstances and situations of life. I am not dominated by headaches, fever, diabetes, or any manner of sickness or disease. Glory to God!

Every fiber of my being, every bone of my body, and every cell of my blood is replete with God. I experience success, victory, and prosperity, now and always. I have divine life – an everlasting life that is filled with absolute health and soundness of mind and body.

I am a conveyor of eternal verities and a partaker of the divine nature. I effect changes in my world because I am born again and the Greater One lives in me. There is no sickness or death in my path. Hallelujah!

Dear Father, thank You for giving me everything I require to live victoriously in health and prosperity. You have called me to glory and virtue. You have given me a life of praise and testimony. I thrive in strength, vitality, and dominion over sickness.

Dear Lord Jesus, thank You for Your blood that was shed for me and Your body that was broken for me. Now, I am sanctified, justified, and glorified. I am always free from sin, death, and destruction, living a triumphant life.

I do not observe temporal circumstances. Instead, I focus on the eternal realities of our heavenly Kingdom. Irrespective of contrary winds and oppositions, my faith grows by the Word. My health, finances, and family are perfected, in Jesus' Name. Amen.

I walk in the consciousness of God's righteousness. I am securely established in Christ and I live above the corrupting influences of this age. I live without worries, conflicts, and agitations. I walk in glory, dominion, and the strength of God. Hallelujah!

Divinity dwells in my physical body. I am a new creation, not subject to the elements of this world. I live the transcendent, divine life, and it flows in every fiber of my being, every cell of my blood, and every bone of my body.
